**T. L. Perkins Announces
 for City Commissioner**

In making my announcement as a candidate for City Commissioner at the coming election to be held Nov. 2, 1920, I feel that it is incumbent upon me to review my past record as a public official, which I believe the public should be familiar with at this time. Having served in the 13th and 15th sessions of the Oregon State Legislature as State Senator from this district, I was chairman of the Ways and Means committee of the thirteenth session and assisted in putting over the first Good Roads law, the County Bonding act which gave us the Columbia Highway, the Enabling Act that put the bridge across the Columbia River, the Compensation Act, the Widows Pension Act and assisted in creating the commission which regulated the working hours of women, the Tenure of Office of Teachers Act, and in the fifteenth session I was chairman of Assessment and Taxation, in which session I assisted in passing the present Tax Law, with the divided payments. In 1918 I was elected to the office of City Commissioner to fill the unexpired term of Mayor Baker, and during which term I served as Commissioner of Finance. During my service with the city I was instrumental in systematizing the affairs in each bureau and placing competent men in charge; this resulted in saving quite a considerable sum of money to the taxpayers. I believe that the charter should be amended, as the city has outgrown it and it has passed its usefulness, so far as it pertains to the financial affairs.

One of the greatest problems which the City Commission will be called upon to assist in solving in the immediate future is that of tourist travel. There should be established in Portland a high class information bureau where information of all kinds can be obtained by the tourist. We should also have a suitable parking and camping sites where the motorists can have wood, water, lights and comfort stations. With this innovation—and which is at the present time absolutely necessary—Portland could be made the greatest tourist terminal on the Pacific coast, and would be one of Portland's best assets. I have been a resident of Portland for 30 years, a taxpayer, a stockholder in one of the city's growing industries and have practiced my profession for the last 20 years. If I am elected I will conduct the office on strictly business lines—economy and efficiency and courteous treatment to every one at all times.—T. L. Perkins.

Residents of St. Johns having taxes and city liens to pay in Portland can make their payments without inconvenience by availing themselves of our services. We will pay same and secure your receipt without inconvenience to you. Fee, 25c. References: Any St. Johns Bank.—Peninsula Title, Abstract and Realty Co., by H. Henderson, Manager; 402 North Jersey Street.

HOSIERY

We are giving you your hosiery at a closer margin of profit than we have for many months. We have been buying hosiery for this community for fifteen years. Repeat sales tell the story of good-wearing hose. Years ago we may have had some "off brands" but it is different because we are big enough to command any brand that may be suitable for our trade, suitable in price, wearing qualities and style.

MEN'S SHIRTS

Large assortments of Work Shirts, a fine line of Flannel Shirts for the out-of-door man, dozens of patterns in dress shirts of varying materials selling at \$2.00 to \$4.50. Some higher than \$4.50, a few less.

YARNS

Every week we are telling you about yarns because now is just the time to start the tam or cap or sweater that almost every woman is planning to knit this fall. The stock is full now and deliveries of fill-ins, we are told will be so slow that the season may be advanced before deliveries are made.

WOOL MIDDIES

A new fresh line of these in Red, Navy and Green Flannels. Price them elsewhere of like quality as ours and then price ours. You will want a Wool Middy: they are warm, becoming, practicable and fashionable.

The Community Club Meeting

We are informed that the fall rally of the Community Club will be held at the Woolen Mills Club House, Tuesday Evening, September 21. Light refreshments will be served free. Meeting will be called to order at 7:30. Sergeant Crane promises a program of entertainment that will interest every member of the Club. Make your plans now; it is your club.

MEN'S SHOES

They are coming down; but even a dollar a pair on a \$12.00 pair of shoes does not sound very big. But if you were manufacturing a thousand pair a day you would realize why the price cannot be reduced faster. It is a good many months between the time a hide is bought and your pair of shoes is bought. We give you your shoes at close mark-up and every pair that is bought at saving is passed along to you. Our stocks comprise shoes of every age and we are long on medium prices.

UNDERWEAR

We have handled the agency for years of the Kenosha-Klosed-Krotch Underwear. These garments once worn are always worn. It is the fit as well as the wear. The Kenosha Klosed Krotch is another name for comfort.

SUITS

They are using whole page ads that cost hundreds of dollars weekly to tell you about cut prices on clothing. There is just one way to cut prices and that is to make them

high before cutting. Just give that some thought and consider our expenses comparing them with what the full page ads mean and remember you the consumer always pays.

Our Boys' Suits, our Young Men's Suits and our Men's Suits are all well tailored of dependable fabric and all are up to date.
