Subscription price \$1.50 per year.
Advertising 35 cents per inch weekly.
First page 50c per inch. Leads 10c per line.

THE REVIEW is entered at post office in Portland, Oregon, as mail matter of the second class under the Act of Congress of March 3, 1879.

A Continent-wide drive for membership which has for its aim to obtain 200,000 candidates in the next two years is the announcement of William Ladew, Supreme Chancellor of the Order Knights of Pythias. When this quota of new members has been obtained by the lodges in the United States and Canada the order will then have a total membership of 1,000,000 men. Under a plan outlined by the Supreme Lodge at its recent convention in Minneapolis, Minn., a survey will be made in every community in which a lodge is located and a systematic canvass instituted. The campaign includes an outline of the Uniform Rank to attract the younger men and to extend the benefits of the Insurance Department as a means of protection for a man with a dependent family.

DR. FRANK SANDIFUR
Many of the residents of St. Johns are not aware that one of their number, Dr. Frank Sandifur, is one of Portland's prominent optometrists and vision specialists. The doctor is a man of thorough training and culture both in a general way and in his chosen profession. Naturally of retiring disposition he has gone about in his unpretentious manner in our midst and his skill in relieving eyesight troubles has not been as generally known as it deserves to be. But the considerable number of patients he has here have only words of praise for him. In addition to furnishing the glasses his patients need he specializes in caring for and straightening the eyes of children and young persons who tend toward cross-eyedness or muscular unbalance. Dr. Sandifur's office is in the Selling building, 6th and Alder, where he is always pleased to be of service to those who have vision troubles.

Quality Canned Goods

We protect our customers by handling only such brands of canned goods whose makers have high reputations to uphold.

There are numerous poorer grades marketed which we have carefully avoided in selecting for our trade, though we might profit more by stocking them.

The prices of these better grades are low enough to suit all.
