## Concerning "Back to Normalcy" In Prices

In the beginning when the great war came and prices began soaring upward, the big stores had the advantage over their smaller competitors because they bought merchandise in larger quantities. But now that the tide has turned and everything is beginning to drop in price the small stores have a decided advantage, why? Because they buy often and in small quantities. They get their merchandise every month at lowest wholesale prices. Note these prices—

Solid Oak Davenport ..... \$35.00  
Dressers, Beveled French

## Quality Canned Goods

We protect our customers by handling only such brands of canned goods whose makers have high reputations to uphold.

There are numerous poorer grades marketed which we have carefully avoided in selecting for our trade, though we might profit more by stocking them.

The prices of these better grades are low enough to suit all.
