THIS IS THE TOMORROW YOU WERE WORRYING ABOUT YESTERDAY

How many times have you asked yourself, was I not foolish to worry about that affair; it came out all right. That is just what you will say if you adopt the plan of paying cash for your groceries instead of running a convenient charge account.

Tell your Grocer who is good enough to carry your account that you are going to pay up and try the cash system for a month. Then give us that business for just one month and we know you will not go back because you will realize how much you can save.

Our prices are what they are because of co-operative buying. We do not hesitate to deliver a package of proper size but we do say to please eliminate expense by carrying your loaf of bread or bottle of milk or roll of butter with you.

What to give for Xmas

A practical, inexpensive gift which is appropriate for all ages and all degrees of relationship—is a bank account.

A Christmas bank account constitutes a start for many people on the road to success through saving money.

We are making this kind of a gift particularly attractive this year because with each account of one dollar or more, goes a little bronze Liberty Bell Home Savings Bank done up in holly paper and accompanied by a handsome card of Christmas Greetings from the giver. These little replicas of the great symbol of American Liberty make a very attractive ornament for any home.

You can come in and make your deposit any time in the name of the person you wish to send your gift to, and if you wish, we will have the Liberty Bell Bank with pass book and card with your greetings, delivered the day before Christmas.
