The Buyer's Strike

The attitude of the buying public brought down the prices, but it has stopped the wheels of industry. No merchant will buy for the simple purpose of displaying goods on his shelving.

No industry can run if the distributor of his product does not buy. It is up to you, the CONSUMER who has saved for this period of depression to spend your money. Not for luxuries just at this time but just spend for your comforts and protection of your health.

NOTICE TO OUR PATRONS

Extensive alterations have been made at our First and Alder Streets Passenger Station and much better accommodations have been provided for our patrons.
This building is now being used exclusively by us and, in addition to the ticket office, lost articles' bureau and express office, we have installed an "ELECTRIC STORE," where Mazda lamps and electric appliances may be purchased, applications made for electric light and power, and where light and power bills may be paid.
This will make it possible for our patrons to transact such matters of business with our Company without going across to our main office in Electric building, and you will receive the same courteous and attentive service.
