## The Cash Grabateria Grocery

We have taken our loss; there is not \$500 worth of Groceries in our store that were bought on the high market. Our books verify the statement that the stock turns once each month.

All goods are marked on the close margin that is justified by the minimum of expense that is incident to cash business, by the saving in quantity purchases because of our connection with other stores of like nature.

Everybody knows the market is down; the familiar and pleasing remarks along that line are daily experience in our store.

There is no desire on our part to reduce the quality of anything we sell. The very close margin of all our goods is what has spelled the rapid turnover with us.

The friends of Fred Couch will be glad to know that he has purchased the stock of Sandy Scales and will be daily seen behind the counter.

We make regular and prompt delivery and give prompt attention to phone orders.

Thursday evening, January 27th, St. Johns Camp No. 7546, Modern Woodmen of America, had its largest "blowout" of the season. A large class of candidates was initiated with about 75 members present. The Degree Team from Oregon Fir Camp was present to handle the royal goat, and he proved their match, for Billie is kept in practice these days. A fine lunch was served by the committee in charge. In one of the fastest games ever played in St. Johns the Bachelor Club defeated the heavy Independence team last Saturday evening 30 to 16. A large crowd enjoyed and were thrilled by some very fast and clever shooting by the locals. The whole Club team starred, but the sensational shooting of "Chuck" Sundstrom, who scored 14 points himself, was a feature. Ira Mix, the former O. A. C. all star, was held to three lone baskets by the Club guards. A return game will be played at Independence February 12th, and a hard game is looked for by the locals.

One of the important business changes in St. Johns is the retirement of Alex. S. Scales from the secretaryship of the Grabateria Cash Grocery and his stock retired in favor of Fred C. Couch. The change was precipitated by the impaired health of "Sandy" Scales, who found it expedient to secure business connections that would take him into the out of doors life during the process of recuperation. He retires with the great good will of his associates in business and the employees of the store. Fred Couch is being congratulated for having gotten into the business game once more among his old friends and neighbors after having spent several years on the high seas as second officer of a large ship. Fred is known as a man of active temperament and is assured by those same well wishers that he is a large asset to the business.

## Have You a Checking Account?

A great many persons who have savings accounts in our bank have never opened a checking account.

Perhaps they do not realize that a checking account has just as many advantages as a savings account.

Many of our customers have found that they can save more if they have both a savings and checking account.

For one reason they do not carry with them so much cash which tempts them to spend needlessly.

And for another reason they keep track of their expenditures better when they pay their bills with checks.

Many good savers check out only what is necessary for current expenses and at the end of each month transfer what is left in their checking accounts to their savings accounts.

It is a good scheme. We advise you to try it.

Here is the Whole Secret of Our Success

And why we are selling so much property, both houses and vacant lots. We absolutely refuse to handle a property if the price is too high. That is to say, tucking it on to the buyer. Nothing doing along those lines through this office, as we are strictly clean and satisfy both seller and buyer. We have on hand now some of the best buys in St. Johns. Come and let us prove this to you. We have from shacks to ten room modern. Every property we offer for sale we will get the buyer more for it in the next sixty days. This is pretty stout, but we are reliable and will do as we say. Our word is as good as a United States bond.
