A. W. Markie, Editor

Published Friday of Each Week  
404 N. Jersey St. Phone Col. 321  
Subscription price \$1.50 per year.

THE REVIEW is entered at post office in Portland, Oregon, as mail matter of the second class under the Act of Congress of March 3, 1879.

Sheep Shearing in Australia. Shearers in Australia are paid by the number of sheep they shear, but the ranch helpers are paid by the week. Averaging everything, from young wethers, which are hard, to old ewes, which are easy, a good man will shear about 90 to 100 sheep a day. The actual record is 327 sheep shorn by a Queensland shearer in nine hours. And other big records have been made. But that was probably years back with the "bitados," when the fleeces were five-pound and six-pound, and not nine-pound and ten-pound, as they are to-day.

A meeting of the American Legion, St. Johns Post No. 88, will be held in the St. Johns Library Friday evening at 8 o'clock. Business of importance to the Post will be transacted. All ex-service men are cordially invited to attend.  
T. P. BUGBEE, Commander.
