ELECTRICAL Housekeeping

Eight hours is insufficient time for human hands to perform all the household tasks. However, it is possible to establish the eight hour day in the home by making use of the electrical hands that are offered to you in the form of the electrical fish-washer, washing machine, ironing machine, vacuum sweeper and many other labor saving devices.

These untiring "household assistants" will do your work quickly and efficiently. Your home can be run systematically with these electrical hands for they never disappoint you or grow tired. Your time and energy can be devoted to the better things of life, when you keep home electrically.

Resolutions

Whereas, the all-wise Father has seen fit in His infinite wisdom to remove from this world of suffering Brother B. D. Powell, and whereas, in the death of Brother Powell this Lodge has lost an esteemed and honored member, his family a kind husband and indulgent father, the community a highly esteemed citizen, be it

Resolved, that we at this time show our sorrow, and esteem for our deceased brother by draping the charter of this Lodge for a period of 30 days, by extending to the family of our late brother our sympathy and assure them that their interest will ever be guarded and welfare looked after by every brother bound by the sacred ties of friendship, love and truth. Be it further

Resolved, that a copy of these resolutions be spread on the minutes of this Lodge, a copy be sent our deceased brother's family, and a copy furnished the St. Johns Review.

W. J. CHANEY,
F. S. YORK,
E. CORCORAN,
Committee.

Card of Thanks

We wish to take this means of thanking our many friends, making special mention of Laurel Lodge No. 186, Laurel Wood Hebekah Lodge No. 160 of the I. O. O. F., also Carpenters Local 583 for their unlimited kindness and beautiful floral offerings during our bereavement caused by the loss of our loved one, B. D. Powell. Mrs. Nell A. Powell, Mrs. D. D. Powell, J. E. Powell, Mr. and Mrs. H. L. Whisler and family.

Graduation Day Could you do this?

The young people plan to look their very best on that occasion which marks one of the high spots of life. That is proper, providing a lavish expenditure of money is not indulged.

The girl graduate should feel a pride in having made her own dress and accessories. With the aid of the Butterick Pattern and the wise council of the mother it can be done if you plan in time and use just common sense. Many lofty thoughts should be sewed into a graduation dress. There is no sentiment in wearing a dress made by an overworked factory girl or even by the favorite dress maker.

A graduation dress made at home is the dress worth while.

We would like to sell the material for all the dresses; we would like to see them made of the same material, the style being varied to suit the figure; we would have that material a moderate priced fabric of sheer finish and we think it would be policy to restrict the price to not over \$: per yard.

VIEW-C 44 INCH MATERIAL SIZE 32 SELVEDGE

NO, not easily--ALONE YES, easily--with the DELTOR

Looks easy--it is easy and saves from fifty cents to six or more dollars.

The Deltor layouts are professional layouts that only an expert could get from such a small amount of material by placing the pieces so skilfully that it is almost legerdemain.

They are specially worked out for all sizes and for all suitable widths of material.

They save from a quarter of a yard to a yard and three-eighths over what you could plan for yourself.

In using an inexpensive material, the Deltor saves the price of the pattern. In an expensive material, a coating for instance, the Deltor will save five dollars or more.

With the Deltor, the Butterick Pattern costs less than nothing.
