The bride was formerly a resident of this place.

The Assistant Secretary of State for Oregon has received the following from some wag, who suggested that it be enacted into law: Pedestrians crossing streets at night shall wear a white light in front and a red light in the rear. Before turning to the right or left they shall give three short blasts on a horn not less than three inches in diameter. When an inexperienced automobile driver is made nervous by a pedestrian, he shall indicate the same, and the pedestrian shall hide behind a tree until the automobile has passed. Pedestrians shall not carry in their pockets any sharp instrument which may cut automobile tires. In dodging automobiles, pedestrians shall not run more than seven miles an hour. Pedestrians must register at the beginning of each year and pay a license fee of \$5 for the privilege of living. There shall be no rebate if they do not live the entire year. Each pedestrian before receiving his license to walk upon the streets must demonstrate before an examining board his skill in dodging, leaping, crawling and extricating himself from machinery. Pedestrians will be held responsible for all damages done to automobiles or their occupants by collision.

The Winchester Store

---The Steady Return---

The Cash Grabateria Grocery was the first on the field to establish a store that eliminated all the red tape of soliciting orders at your back door, employment of a bookkeeper to figure your account, cut out the any-time in-the-day delivery and a collector to chase after you to get you to pay your bill.

The innovation took from the start and the steady return of the customers tells the story of our ability to carry a splendidly assorted stock of all the good things for the table. You can sense the prosperity of the store the minute you step in to it.

It has come because we have given the public what they want at the prices they want, deliver at a regular hour and deal with you as we would be dealt with were we the customer and you the store owner.
