ELECTRICAL Housekeeping

Right hours is insufficient time for human hands to perform all the household tasks. However, it is possible to establish the eight hour day in the home by making use of the electrical hands that are offered to you in the form of the electrical dish-washer, washing machine, ironing machine, vacuum sweeper and many other labor saving devices.

These untiring "household assistants" will do your work quickly and efficiently. Your home can be run systematically with these electrical hands for they never disappoint you or grow tired. Your time and energy can be devoted to the better things of life, when you keep house electrically.

Glad to show you any time—
