

WE'RE IN A PINCH FOR \$2000 and we've got to raise it in

So here's where we buckle down to business. Our loss is your gain. We are simply forced to do it. That is the reason this sale is for two days only. Remember the days

Friday and Saturday, June 24 and 25. Never such bargains before. Your chance to buy as you never bought before. You cannot afford to miss this sale.

How it Looks to One Pair of Eyes.
It is delightful to think how new everything is, spite of description. Never believe . . . that there is an old world. There is no such place, on my honor! You will find England, France, Italy, and the East, after all you have read and heard, as altogether new as if they were created by your eye, and were never sung, painted, nor bewitched--you will indeed. Why--to be sure--what wavy the world else? Pen and ink cannot take the gloss off your eyes, nor can any man look through them as you do. I do not believe the simplest matter--sunshine or verdure--has exactly the same look to any two people in the world. How much less a human face--a landscape--a broad kingdom? Travelers are very pleasant people. They tell you what picture was produced in their brain by the things they saw. . . . How it looks to one pair of eyes; would be a good remainder penciled on the margin of many a volume.--N. Parker Willis in Rural Letters.

COMMUNITY SINGING AN AID TO COMMUNITY LIFE
He Says Walter Jenkins, Chautauqua Song Leader.
"Community singing is a powerful means of stimulating a feeling of solidarity, which should exist in a community between man and man," says Walter H. Jenkins, the well-known song leader of the Northwest who is to be at the Chautauqua. Mr. Jenkins is one of the most able leaders of community singing now before the public. During 1917-18 he was Northwest Song

Leader for the Army and Navy Camps and since that time has been Secretary of the Portland Community Service Inc. His enthusiasm and "pep" make him an instant favorite before all audiences. In addition to leading community singing at Chautauqua on the fifth day he will also present some splendid baritone solos.

LIGHTS A CANDLE IN STREAM OF WATER
Burnell Ford Does Strange Things With Electricity.

Burnell Ford, prominent inventor and electrical scientist, presents a lecture-entertainment for Chautauqua patrons on the first night which will be of unusual interest. Among his interesting experiments will be the production of an electric storm upon the platform, 250,000 volts of electricity being discharged into the air; the

operation of a submarine chaser by wireless; welding of metal by electrical current passing through the human body; setting off explosives by wireless; lighting of a candle by means of a stream of water, and many other intensely interesting experiments.

FATHER CRONIN SPENDS SUMMER ON CHAUTAUQUA
Now Making His First Tour of South and West.

Father Cronin is one of the prominent churchmen of the day who gives a portion of his time annually to the Chautauqua platform. For many years he has been a prominent member of Eastern Chautauqua lecture

staffs, but he is making his first tour of the South and Far West this season. Father Cronin is an eloquent and forceful speaker. His wit is keen and scintillating. In his well-known lecture, "The Weeds and Flowers of Literature," he deals with the effect on character of literature of the day.
