Of the Community Club at Y. W.
C. A. Building next Tuesday evening.
St. Johns Fair Site Discussion.

ST. JOHNS REVIEW

St. Johns Fair Site
Will be Boosted at the Community
Club meeting Tuesday evening.
Let everybody attend and Boost.

VOLUME 17

ST. JOHNS, PORTLAND, OREGON, FRIDAY, SEPTEMBER 16, 1921.

NUMBER 45

High School Notes

The high school notes this year will be reported and edited by the several English classes in succession. For this issue the English sixth classes are responsible, the active committee being Joy Egteland, Morgan Shirley, Leonard Harrington, Lelia Taylor, Ruth Weiss and Thelma Young.

The new school term at James John has begun with the largest enrollment since the school was opened. The freshman class entering this term is the largest in the history of James John. It numbers 81 students who come from the several schools of the Peninsula and Linnton; also many students have transferred from other schools, and one student is from Wales.

In assembly Friday Mr. Fletcher welcomed the new students; the new faculty members were introduced and the freshmen sang the traditional selection, Santa Lucia.

Many changes in the faculty are observed this term. The new members are: Miss Florence Davis and Miss Celia Hunkins, both of whom are James John graduates; Miss Bracht and Miss Carlmell of Portland; Miss Gore of Leadville, Colorado.

At the Tumalum election held Tuesday morning the following were elected: Editor-in-chief, Joy Egteland; literary, Vesta Hughes; athletics, Leonard Harrington; art, Anna Poe; business manager, Romayne Brand; assistant business manager, Robert Lemon.

The new council held a meeting Friday evening. It voted on names to be submitted for the Tumalum staff, appointed Elizabeth Schultz pianist for assembly singing, and named the Honor Point committee for the year. These last are, Mabel Reed, chairman; Oscar McKinney and Florence Blomgren, assistant members.

Friday, September 9th, the D. S. Girls gave the first luncheon of the term to a committee of Boosters for the 1925 Fair.

The football season is starting off with a rush and a bang at James John this year. With six lettermen back and about twenty new men out, the prospects for a winning team are favorable.

"Pluffy" Hiatt, an old James John graduate, is coaching the team this season and under his guidance the players are being whipped into shape in quick order. Maynard Mikach has been elected temporary captain of the team.

Three of the boys on the squad are still on their Summer vacation. Bob Miller, captain during the 1920 season, is on the S. S. Pawlet, now somewhere in the Orient. He is not expected back for a month yet. Peter Ermiler is on the F. G. Drena. His boat arrived in San Francisco the twelfth, so he is expected to be back some time this week. Heinie Bauer is on the City of Reno, enroute for European ports.

Tuesday, September 13th the 8th termers had a most enjoyable picnic at Linnton beach. Mrs. Hiestand chaperoning. They went in swimming, played games, and at 5:30 had a delightful supper "under the old apple tree." They played a while longer and when the moon looked down on the scene, departed for home, feeling that their initiation to Senior was most happy.

Y. W. C. A. Notes

Will all who are interested in the gymnasium class for this Winter please come to the building next Wednesday, the 21st, at 2 p. m. Miss Gauwer from the Central Association will be the instructor. Further plans will be made at that time. The class will begin September 26th.

A class in millinery will begin the first of October, with Mrs. L. F. Piekens, instructor.

Classes in sewing, basketry and clay will also begin at that time. Watch for the schedule next week. For information regarding classes call Col. 57 or Col. 1296.

Any girl or woman needing help of any kind call the Y. W. C. A. Confidential assistance. Mrs. Norman Christie, general secretary, and nine others of the staff, enjoyed a waffle supper last Friday night at 7 o'clock at our building, guests of the local secretary.

The project of a high bridge in St. Johns will be taken up before the State Legislature at its next session, which is the next step to be taken toward its accomplishment. Whether or not St. Johns secures the 1925 Exposition, the bridge project will not be neglected.

The St. Johns Hardware Co. is having the entire front of the store remodeled, and when completed it will be one of the finest in the city. Gus Lucier has charge of the work.

The Columbia Tile Corporation, recently incorporated, has closed a deal whereby the company becomes the owner of an eight-acre tract on the south side of Columbia boulevard, in the Kenton industrial section of the city. The tract will be used as a site for the company's factory. The site, which lies just east of the Derby street approach to the inter-state bridge, has a frontage of 1116 feet, on the Oregon-Washington railroad freight line and an equal frontage on the boulevard. The company will begin building at once, and it is announced, on the first unit of the plant, which will be 90 by 335 feet in size, and will be of reinforced concrete. The first building will be erected so that other units can be put up from time to time in the future as business develops. The company will manufacture only the high-way grade of automobile and auto truck tires, it is announced, and will be the only factory west of Chicago devoted exclusively to this type of tires.

Thousands of Oregon pioneers have retired from an active life and are now reaping a harvest of contentment. But with many there was a time when the following lines dedicated to the early Puget Sound pioneers, were anything but inspiring: "I tried to get out of the country, but poverty forced me to stay, until I became an old settler; then nothing could drive me away."

An exchange says: "There are two reasons why the ladies have quit carrying their money in their stockings. Their petticoats are so short that there is no room at the top, and their hoisery so thin that the light-fingered gentry can see whether there is enough money in it to pay for robbing it—otherwise the banks are in good condition."

A merchant in a nearby community told a Herald reporter the other day that there was no business anyway, so why should he advertise? And that reminds us of the hen who quit scratching because there was a scarcity of worms. It seemed to be a bad year for worms; the hen didn't see any of the wriggling vermin trying to make themselves an honest meal for a hungry chicken, and the hen soon began to have the appearance of a run-down fowl. The owner noticed the run-down appearance, caught the hen, killed her and threw the carcass to the "haws"—and the moral is this: "Don't let your business get the run-down appearance or some of your best customers might get it into their heads that you are ready for the financial graveyard and 'pass you up like a pay car passes a tramp.' Let's keep advertising." — Mt. Scott Herald.

Remember the St. Johns Community Club meets next Tuesday evening in the Y. W. C. A. building. This will be an important meeting, and the first to take place after the Summer vacation period. It will be in the form of a mass meeting to take up the St. Johns Fair site proposition. Let everybody attend. Now is the time to boost.

Mr. and Mrs. James Vandenberg and son Fred have returned from a several months' absence in California and now occupy the D. E. Vernon residence, 2130 Willamette boulevard. Like many others, the Vandenberg family are now fully satisfied with St. Johns.

The usual casualties are reported for the hunting season and women are not doing the hunting either. If they were the men would advocate taking away their licenses. — Benton County Courier.

I wish I were a little stone A-settin' on a hill. With not a single thing to do. But just a-settin' still. I wouldn't eat; I wouldn't sleep; I wouldn't even wash. I'd jes' set there a million years And rest myself, b'gosh! — Ex.

At the St. Johns Community church last Sunday the attendance at Sunday school was very encouraging. Every effort is being made to provide classes for every age. Next Sunday morning the pastor's subject will be "The Dignity and Necessity of Being a Christian." In the evening, after a fifteen minutes' song service, beginning at 8 o'clock, a set of slides, picturing the life of Christ, will be shown. These slides are of a good quality and will be accompanied with a lecture. If you do not worship elsewhere you are urged to meet with us. — Reported.

Lynas Van Duzen of 415 Oswego street died September 12th of heart trouble. He was born in Ontario, Canada, and came here from Michigan about twelve years ago. Mr. Van Duzen was aged 58 years, 10 months and 26 days, and is survived by his widow. The funeral services were held in the Christian church Wednesday at 2 p. m., Dr. Jones preaching the sermon. Interment took place in Rose City cemetery, the St. Johns Undertaking Co. being in charge of the remains.

Alphone Lucier, son of Gus Lucier, expects to arrive home from Ketchikan, Alaska, today. This was his fourth trip to Alaska, where he has been employed by the Moore Packing Co. He left here last March.

Roseburg is certainly on the map just now. But it took a murder case to accomplish the fact. — Roseburg News-Review.

Future Should Be Considered

While considering an appropriate site for the 1925 Exposition it would be well to look forward to the possibilities of the future regarding locations for manufacturing plants desired in our city. Therefore, the great opportunities the Peninsula offers is worthy of due consideration, owing to the fact that transportation facilities offered here are unequalled both by land and water. We fervently trust that in the broad and just decision of those responsible for the location of this great event they will select a location which at the expiration of such there will be left such territory available for desired factory and business propositions. We have also under construction at the present time Pier Park, which we may rest assured, will prove itself one among the most prominent of its kind. It is our desire at this time to impress upon the public mind without a doubt the Peninsula, in all its grandeur and splendor, offers all that may be required so far as territory, etc., are concerned. We are at the present time requesting an investigation of this most popular part of the city for such an exhibit. We need business, a payroll and all that goes to bring more prosperous times to our city. That we may be numbered among the living, to be ever on the alert for eventualities lying dormant about us, to certify that the advantageous opportunities will not be let pass by or allowed to escape our notice, let us all do our duty and unite in this gigantic undertaking, and endeavor to show to the civilized world that we are preaching and practicing to our utmost those things most essential to human progress. Success is our motto that the achievement of greater things may be recorded to our credit we will be required to cast aside the mantle of selfishness and play square with ourselves and our fellow man. — Publicity Manager Fraternal Boosters of Portland.
