## The Grabateria Grocery

The Store With the Checker Board Front

The owners are St. Johns residents, St. Johns boosters seven days in the week. The owners have children going to school with your children. We are one of you. The owners of this store work ten hours daily.

But we do not consider these as the main factor that justifies your trade.

We give you prices at all times that meet the keenest competition, we give you service, personal conscientious service. We deliver any reasonable order at least once a day.

We buy in heavy quantities at frequent intervals.

Why should we not remain in business here when there is a constant change of ownership of our line on every occasion.
