THE REVIEW is entered at post office in Portland, Oregon, as mail matter of the second class under the Act of Congress of March 3, 1879.

A party called into the office Saturday to congratulate us on the pulling power of an advertisement in the Review. He said he had spent five dollars in advertising his property in the Portland papers, and finally decided to try a small advertisement in the Review. It brought results at once and a sale was effected shortly after the paper was issued. Several days earlier another citizen told us of a similar experience in regard to his property. Many times during the past year people have told us of quick results from an advertisement in the Review. A number of times people have called in the office and ordered a sale for ad for two insertions or more and then before the second issue they have advised us not to make a second publication as they sold out on the first insertion. Yesterday a lady said she sold a baby carriage through an advertisement last week, and had a buyer after she had made the sale. So it goes. If people only realize how easy it is to sell property or anything else through an advertisement in the paper the Review could not contain the amount of advertising offered. It pays—of course it pays. It could not be otherwise. There never was a letter advertising medium. The Review circulation is greater than all of the city papers combined in St. Johns, and its advertising rates are lower than any one of them. If you have anything to sell and want to sell it quickly try the Review.

It is time that the county of Multnomah expend a little money and effort in improving the county roads in the St. Johns district. This part of the county turns in large sums of money into the county treasury each year in the shape of taxes and gets rather little in return. Richmond and Oswego streets, both county roads, need attention badly. There are numerous chuck holes that should be filled before they grow worse. The county commissioners should get busy down this way and give us the kind of roadways we are entitled to. St. Johns needs better streets and it is up to the county to do its full share.

One hundred first class envelopes with your name and address neatly printed on the corner for one dollar at the Review office. Additional 100 for 75c. The postoffice department advises the use of printed return envelopes.

Cards of thanks notices are charged for at the rate of fifty cents each. Persons desiring to have such notices published should make a note of this.

From "The Scandal"
The Bachelor Club's Official Paper

At the meeting of Nov. 8th, 1921, the club received an epistle from Brother Peanuts and wife, informing us that they were now engaged in the business of living happily ever after, seeing as how they had been married a long time ago, nobody but a few knowing just when. Well, getting down to the main part, the letter contained an invitation "to feed the brutes" at his expense on the evening of Nov. 10th.

Of course the brothers were there in large numbers and with large stomachs, the few not being able to attend missing a banquet worth going miles for. To tell all we ate would need another sheet on this paper, but let it suffice to say that the quality, quantity, variety and service were unexcelled by any former club banquet ever served.

Skipped by with one of his "proprietors" talks, after which he presented Peanuts and family with an electric coffee percolator, to which Peanuts responded in a very pleasing manner.

As usual with club doings, the evening was marked by several special features most noteworthy of these being a new world's record set by Bro. Spark for food capacity, although he couldn't get away with a couple of washbasins full of mashed potatoes which were left over on account of Ditty not coming. Sid also wielded a nasty knife when it came to eating peas. Bat came drifting in about 10:30 p. m. with his lunch under his arm. Some of these old fossils are always playing jokes on the new members, which isn't at all nice. Bat being no young and deserving. After every one was filled to the tonsils with food, music was indulged in by some, while the rest watched Zip smoke a wedding cigar, such occasions being the only time when aforesaid Brother partakes of tobacco.

Shortly after the couple were congratulated on their successful feast and the brothers departed into their respective homes all acclaiming the banquet 100% perfect. Mrs. Peanuts was formerly Miss Oro Wagner and we wish them both much joy and success in their future years to come.

"Dent" Kellher, elected by the club to occupy the Bachelor throne for the latter half of 1921, has moved his stamping ground or perhaps it should be called pulling grounds to the city of Olympia, Washington. The change was made for the betterment of his business of extracting teeth. Dent has performed his work so thoroughly and skillfully that not one of his patients ever came back the second time. In the course of the last three years Dent has overhauled practically every person in St. Johns needing dental repairs, hence his journey is part unknown.

However, laying aside the slander against his expertness in that line we want to say that there was never any one missed more in our club than Brother Dent, and the reason for this we can only say is that he was an A. N. ONE bachelor. Outside of being president of the club at the time of his departure he was a leader in the social life of our organization, a good community booster, an excellent thinker and talker, an ardent athletic fan and a fair to middlin' pedro player. Needless to say every one regrets that he has moved, but friendship cannot always be placed before that important matter of earning one's bread and butter. We also feel that Dent regrets that he cannot be with us and we heartily sympathize with him in his loneliness, if such may be the case, as many of us have been away for a long time, which made us appreciate the good fellowship of the club. Although Dent manages to spend his holidays with us we hope that some time he will see fit to return here permanently. We wish Dent the best of success in his new location.

P. S.—Dent was a northerner.

The first play given by the Bachelor Club for a goodly number of years was staged in the high school auditorium Nov. 5, 1921. It was a success from the start of practice and was well advertised and talked of about town on account of its title, "Let's All Get Married." The participants played their parts like professionals as many of the audience remarked and certainly showed results from the many nights of rehearsing and the trained coaching of Mrs. Geo. M. Hall. Through her exceptional ability of coaching and directing the novice players broadened out into first class material. Those who took parts were as follows: Lola Murphy, Caroline Lind, Clara Nelson and Minnie Marx in the feminine roles while Ditty Paesett, Spokes Marlett, Skeo Larsen, Tom Kellher, Hap Pahl and Gummy Tensing put over the masculine cast.

The club is deeply indebted to the young ladies mentioned for their willing participation and fine acting and to Mrs. Hall for her devotion and sacrifice in helping with the work. We sincerely hope that a future play will be as strong as this one was.

The basket ball team are off to a good start by beating the St. Johns Lumber Co. twice, 21-11 and 17-14, and by giving the fast Vernon team a drubbing, 19-15. The latest victories include a 29-9 affair over the Sellwood Athletic Association and a 17-9 win from the fast Lang & Co. team, which at the present time leads the commercial league in the city. We predict a most successful season for the "scatters" of the old gold and green.

Brothers Guff and Zip are superintending as well as doing most of the work on a shower bath (?) and dressing room in the basement of our quarters. These fixtures supply a want which has been felt by the Club for years and which, needless to say, will be used considerably.

Whereas, The Almighty Father, who in His infinite wisdom doeth all things well, has seen fit to call from this earthly habitation the beloved mother-in-law, Mrs. Koenecke, of our beloved brother, J.S. Burroughs, be it

Resolved, That we, the entire membership of this, Laurel lodge No. 186, I. O. O. F., extend our most sincere, heartfelt sympathy to Brother and Sister Burroughs and members of the family in this, their sad hour of bereavement. Be it further

Resolved, That a copy of these resolutions be sent to the members of the family and be spread on the minutes of this meeting, and a copy be sent to the St. Johns Review for publication.—Committee, Fred Haskell, J. E. Powell, W. H. Killebrew, Jesse L. Boothe, Recording Secretary.
