The St. Johns Community Club will convene next Tuesday evening in the Y. W. C. A. building. The club has made a splendid record since it was organized and has accomplished much for St. Johns in the way of public utilities and improvements. The coming year will no doubt witness still greater efforts on the part of the club to secure for St. Johns more improvements. One of the features the club will spend its energies on will be better streets, and if nothing else is accomplished than good streets for St. Johns it will prove a most successful year for the club. The meeting next Tuesday evening should be well attended and every one should feel disposed to do their bit toward making the year 1922 a most successful one for the club and the community at large.
