

# ST. JOHNS REVIEW

## St. Johns Community Club

The St. Johns Community Club will hold a highly interesting and entertaining meeting on next Tuesday evening in the Y. W. C. A. building. Chief Jenkins and several city officials are expected to be present. Invitations have been extended to the Peninsula Civic Improvement League and the University Park Community Club to be present and enjoy the features of the evening. A special musical program is being arranged and a thoroughly enjoyable time is assured. Refreshments will be a feature of the occasion. Let all attend, and bear in mind that the meeting will be held at the Y. W. C. A. building instead of at the Woolen Mills club house as previously planned.

I love my country's rocks and hills and feign would move from off her hills the billboard ads for liver pills. I love to gaze on some old barn that stands by wood or rock or tann. I love its curvose and graceful lines, its weathered boards from oaks and pines. I love its silo, cribs and mows, its Plymouth Rocks and brindle cows; my farm born heart with pleasure swells when I inhale its rich, ripe smells. But oh I hate to see its back, exposed to road or railway track, in glaring paint give doubtful hope on some one's double action soap, or urge relief from human ills by chewing sixteen horsepower pills. Around you curve the engine scoots, and wayworn travelers press their snouts against the dusty window panes, while tired eyes and weary brains drink in the peace of hills and plains. Forgetting cares and lack of cash, they gaze on fields of succotash. Green growing groves where dryads roost and babbling brooks their spirits boost. To keep these haunts for nymphs and Pan, the bilious bill board let us ban.—Bob Adams.

How did we do it? Simply by going without everything we needed. When I was first married my salary was \$30 a month. My mother-in-law, who lived with us, decided to save enough out of my salary to build us a home. When the cellar was finished I became ill and lost my position and had to mortgage the cellar to make my first payment. Although we went without food for 30 days the first year, we never missed a monthly payment.

The taxes, interest on mortgage and monthly payment on house were now three times the amount of my earnings. However, by dispensing with the service of a doctor, we lost our father and mother-in-law, which so reduced our expenses that we were able to pay for the parlor floor and windows. In ten years seven of our nine children died, possibly owing to our diet of excelsior and prunes. I only mention these little things to show we were helped in saving for a home. I wore the same overcoat for 15 years and was then able to build the front porch, which you see at the right of the front door. Now, at the age of 87, my wife and I feel sure we can own our comfortable little home in about ten years and live a few weeks to enjoy it.—Life.

The 1925 Exposition is not a dead issue, says the Sellwood Bee. Julius Meier, chairman of the board of directors, is now on his way to the Orient at the commencement of his trip around the world as special commissioner from the United States and the state of Oregon to invite the nations to participate in the great Exposition at Portland. F. E. Beach, another member of the Board, said the other day that he thought within the next two or three weeks there would be interesting developments. A questionnaire has been sent all over the state to ascertain the sentiment, whether for or against the Fair. The returns show an overwhelmingly favorable report. On the basis of this statewide sentiment a financial plan will be worked out, a site selected and ground broken before many months have passed by.

Good morning, have you paid for your job work or advertising? Now, you understand, we don't need the money, we have millions to get; but it is really an imposition on our part to let people go on carrying our money around when we are so strong and healthy and abundantly able to carry the burden ourselves. For this reason we ask every one who has our money in his possession to leave it at the Progress office or send it by mail, freight, express or any old way, just so it gets here. Silver and gold are heavy and it would be a matter of life long regret to us if anyone should get bow legged carrying it around for us.—Deer Creek Progress.

Victor Records are now 75c and \$1.25 at Currin's.

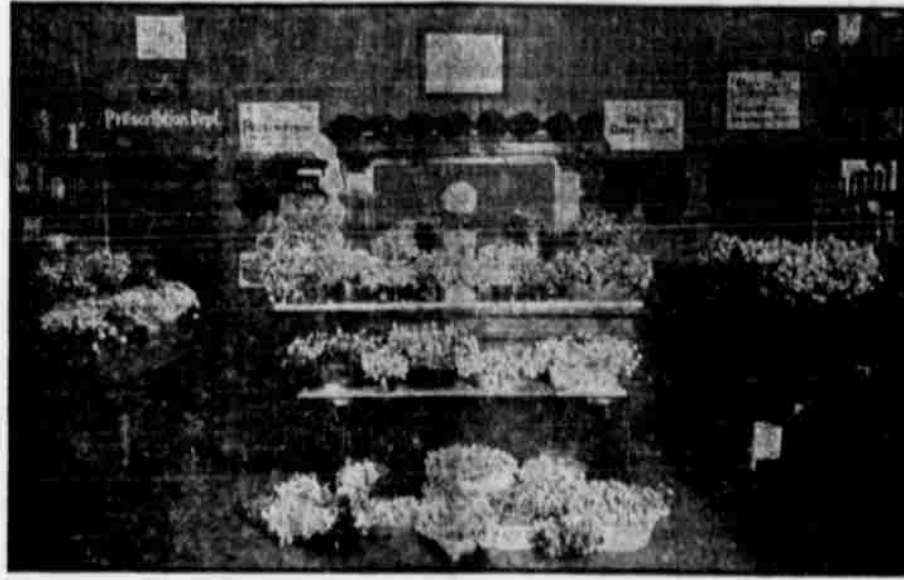

## Will Hold Sweet Pea Show

St. Johns will have a Sweet Pea show this year. The date has not been definitely set but will be announced later. The show is being inaugurated and staged by C. C. Currin, the well known pharmacist. About eleven years ago Mr. Currin conceived the idea of holding a sweet pea show in St. Johns, and forthwith began to incite inter-

ests in the project. It proved to be a fine success and a beautiful array of lovely pea blossoms was exhibited in Mr. Currin's drug store, which was located at that time on North Jersey street. The following year Mr. Currin again staged the show in his store and the second exhibition was even more profuse and more beautiful and entrancing than the initial

one. For the two succeeding years Mr. Currin fathered the show, the third show being held at the St. Johns dock and the final one at the skating rink. Both were very successful and considerable interest was taken in them. It is pleasing to note that Mr. Currin has again taken up the idea, and it is to be hoped that it will be continued every year hereafter. It is doubtful if there is any place on God's green footstool that sweet peas blossom more prettily or more delicately scented flower. Mr. Currin has generously offered to furnish free seed and will give worth while prizes for the best exhibits. More definite details of the show will appear at a later date. In the meantime get ready your sweet pea beds.

If you appreciate a simple gospel service and an opportunity to worship, attend the services at the Christian church.—Reported.

"Hello," said the grocer, putting the telephone receiver to his ear, "this is Ferguson's." "Will you please send me the eggs I ordered this morning? This is Mrs. Digglesley. I want them very bad." Nevertheless she complained the next day because she got what she had said she wanted.—Ex.

A good Blue Work Shirt for 95c and a pair of **KH-KA-KHA-KHAKI-PANTS**  
Safety First! You'll Never Lose them in **ROGERS 50c Suspenders**

## Rose Planting Saturday

There will be a rose planting at Pier Park at 2 P. M. Saturday afternoon, March 18th. Every one should bring a rose and help beautify our park. There will be a new rose named and planted at that time by Commissioner Pier. All are urgently requested to be present at the park at 2 o'clock P. M. The planting will be followed by a program at 3 o'clock to be held at the St. Johns rink. Everybody is urgently requested to be present at both of these occasions. If you are unable to be at the rose planting, leave or send your rose to the Review office. A number of city and county officials are to be present. It will be a great opportunity for every one to obtain valuable information regarding the betterment of our community as a whole. We expect everybody to be present.—Fraternal Boosters.

The Community Sunday school services felt the effects of the sickness in the community. Mr. McMahon, our superintendent, was unable to be present. Mrs. Nickerson, assistant superintendent, conducted the service. Mrs. Shaw was able to be with her class, the first time for several weeks. Berger Amorn led Christian Endeavor. The topic, Habits, was well responded to by all present. At the evening service the Young Peoples chorus led the singing and also sang a special selection. The pastor made real the experience of a mere man in The Valley of the Shadow. At the business meeting of the church last Friday night definite plans were made for the beginning of the work on the new basement. There will be special music at both services Sunday. Things will look better Monday if you go to church Sunday.—Reported.

The St. Johns Study Club met at the Library Wednesday, March 8th. After the reading of the minutes of the last meeting by our secretary, Mrs. Harrington, roll call was responded to by the members present with quotations from Oregon poets. After roll call Miss Covinton read a splendid paper, her subject being Oregon writers. One fact that was very forcibly brought out was that Oregon is rich in authors, both in the past and in present day writers.—Reported.

Every thing in base ball line; price right at Currin's for Drugs

The Bachelor Club has decided to enter a baseball team in the independent circles of city and plan to put out a team that will win a majority of games. At the last meeting Spokes Marlett was elected manager. He will endeavor to assemble a team that will be much stronger than the one which represented the club last year. Last year team while not very strong won all but one game losing to the strong aggregation at Gresham. Some of the best material in this locality is being lined up and an active campaign will be followed. With Thygeson, Smith, Leland, Nelson, Wiclan, Larsen, Smock, the Lind trio of brothers to pick from the outlook appears bright. Thygeson and Smith are fence boosters extraordinary and are counted on to lead the club's offense, while Larsen and Poff will form the battery.

Just a bit of snobbery left in this country after all. The papers give columns and columns of stories and pictures of the princess and viscount wedding in London, while an ordinary 100 per cent American couple without any coin or blue blood connections will get about a five line story.—Ex.

**Mazola**  
For cakes and pie making, Mazola is equal to butter—at a remarkably lower cost. Follow your usual recipe using 1/4 to 1/2 less of Mazola than the amount of butter called for.

**PIE CRUST**  
1 1/2 cups Sifted Pastry Flour 1/2 teaspoon Baking Powder  
1/2 teaspoon Salt 1/2 cup Mazola  
4 tablespoons Cold Water

Mix dry ingredients. Add water to Mazola and beat until creamy. Mix quickly into dry ingredients. Turn onto slightly floured board and roll to desired thickness. This recipe makes one double pie crust.

**Best for Salads and Cooking**

**MAZOLA**
