It looks as if the Sun would come out and warm things up, and if it does you should get in your Early Garden. Early Potatoes should be in right away, and the same is so with Onion Sets, Lettuce, Radishes and the Early Peas. Sweet Peas should be planted at once. We have a fine lot of Seeds of Ferrys, Marsis' and Lilly's in Garden Seeds, and Mandeville and King's in Flowers. We have found all of the above firms reliable.

Oranges and Apples are still good and not too high. Potatoes and Eggs are what you should use in large quantities.

The people are appreciating Candy as a Food, and at the prices we sell it. We have just received two more barrels of broken stock that we sell for 15c per pound. It is fine candy.

About 25 friends pleasantly surprised Mrs. J. S. Flinn at her home, 718 E. Richmond St. The occasion being the 70th anniversary of her birth. Music and games were the features of the evening. She was the recipient of many beautiful presents. Refreshments were served and at a late hour the guests departed, wishing Mrs. Flinn many happy returns of the occasion.

The Mothers' meeting of the W. C. T. U. was held at the home of Mrs. Marchand, 1107 S. Ivanhoe street. Mrs. Gilbert, county president, was a visitor and gave an interesting report of the W. C. T. U. Farm Home, near Corvallis, which will be ready for occupancy early in May. The St. Johns branch of the W. C. T. U. is pledged to pay for one acre of this farm, which will be \$200. Loyal support of an enterprise so worthy should be given by our community. The Bible study was most ably conducted by Mrs. Williams. A paper on the life and works of Frances E. Willard was read by Mrs. Kerr. Other subjects of importance were discussed. A pleasant feature of the afternoon was a solo, "This Is My Task," sung by Mrs. Overstreet in her usual charming manner. During the social hour dainty refreshments were served. That these meetings are proving beneficial is shown by the increase in interest and attendance. About 25 ladies were present and all were unanimous in declaring Mrs. Marchand a most charming hostess.—Reported.

Eliza M. Parker, widow of the late E. H. Parker, celebrated her eightieth anniversary on March 15th at her home in Monmouth, Oregon. It will be interesting to her many friends and acquaintances to know that at her advanced age she is still physically fit. Aside from the daily routine in taking care of a large house and a family of five members she did on this day prepare unassisted a sumptuous dinner to which she invited sixteen friends and relatives. In the evening a surprise party was given her by members of the Christian church and Monmouth friends, at which forty persons were present and the evening was spent in a most enjoyable manner.

J. S. Kenney and H. R. Ketel, mill wright and chief engineer at the Western Cooperage, paid this office a pleasant call Saturday morning. They are quite interested in the success of the local hospital, realizing that it is a fine institution for this section, and they believe all the employers and employees on the Peninsula should boost for it. There is no excuse for telephoning Portland for an ambulance, and causing unnecessary delay, when an up-to-date hospital is at your door.
