Recital Was Fine Success
The viola recital given by a number of the pupils of Elmer Sneed, the well known and talented violin instructor, at the James John high school auditorium on Monday evening, was attended by a large number, who thoroughly enjoyed the splendid program. Each participant acquitted himself or herself in manner reflecting credit upon themselves and instructor as well. Miss Margaret Smith, as accompanist performed in her usual delightful manner. The program was as follows:

- Water Lily.....Ducelle-Severn Doyle Pigg
- Song of the Sea Shell.....Krogmann-Grun Docia Pigg
- Berceuse.....F. Bloch Helen Whittegon
- Sonvenir Valse.....Ducelle-Grun Lela Hatchet

Willamette slough, the west channel of the Willamette from Linnton to St. Helens, may be utilized by towing companies as the route to bring log rafts from the lower Columbia into Portland instead of the main channel of the Columbia, according to Robert Warrack, local superintendent of United States Lighthouse service. All that would be necessary to open the Willamette slough to this traffic is the removal of the breakwaters at the intake at Linnton, it is said. This would leave the Columbia free for regular steamship traffic and would at the same time provide a channel with little current for the towboats and their log rafts.

The sweet pea show will be in July at Currin's.

Wednesday evening, April 19, a card party was held in Bickner hall by the drill team of Oregon Grape Circle No. 541, Neighbors of Woodcraft. There were 20 tables. The first prizes were won by Mrs. A. F. Fletcher and J. S. McKinney. The next highest scores were those of A. Amrein, Mrs. Fern Sprur, Mrs. E. F. Reid also received prizes. The consolation prizes were given to Mrs. David Smith and W. H. Manning. (It wouldn't do to tell their score). The last prize but not the least, was the door prize won by Mrs. Kate Kreyer. Refreshments were served and the jolly crowd dispersed for the evening intending to return again soon to another card party to be given in the same hall May 6th.—Reported.

RECORD FEES PAID LAWYERS

Skilful Leaders of the Bar Have Been Rewarded for Their Services With Small Fortunes.

Barrington Ward, K. G., who is to receive a fee of 10,000 guineas for undertaking the defense in Egypt of a wealthy Albanian charged with attempting to murder Lord Alton, is by no means the only English lawyer whose forensic skill has been rewarded by a fee in five figures, usually abroad, remarks London Answers. Sir Roundell Palmer's services at the Geneva convention were rewarded by a fee of £15,000. Mr. Peterson, an English barrister, when practicing in Calcutta, had a retainer of 100,000 rupees and a daily retainer of 10,000 rupees for his defense of Totes Persaud, an Indian contractor.

A fee of 10,000 guineas was offered to Sergeant Ballantyne to defend the general of Baroda on a charge of attempting to kill Mr. Phayre, the British resident, by mixing diamond dust with his food.

For negotiating a treaty of peace with Japan John W. Foster received a fee of £40,000 from the Chinese government, and Chancrey Depew, the American lawyer and wit, was rewarded by a fee of £40,000 for saving an estate from bankruptcy.

DEMAND FOR FURTHER LIGHT

Connecticut Newspaper Wants to Know More About Buying Women's Shoes for \$2 a Pair.

A Bridgeport (Conn.) paper tells its readers that a large manufacturing establishment in its city is aiding its employees by selling shoes and coal to the operatives at a reduced rate. Listen to this, for example:

Women's shoes, durable, stylish and cheap withal, are being distributed to workers who want them for \$2 a pair. The significance of the \$2 price is seen in a comparison with ordinary shoe price schedules. The shoes are sold on two days each week and several hundred pairs still remain.

The June class of 1922 will present "Just Plain Mary" at James John High school auditorium April 28-29.

One hundred first class envelopes with your name and address neatly printed on the corner for one dollar at the Review office. Additional 100 for 75c. The postoffice department advises the use of printed return envelopes.

SENATOR CHARLES HALL

I submit my candidacy to the Republicans of Oregon for the nomination for Governor. Following are some of the principles for which I stand:

1. I have made no pre-election promises and I will make none, except those herein stated.
2. Taxes on general property must be reduced. I favor substituting not to exceed ten departments for the seventy or more existing State Commissions. (Illinois System).
3. Not only reduction of taxes, but improved marketing facilities and increased credit are essential to insure the prosperity of the farmer.
4. A more equitable adjustment of the automobile license tax with due regard to the actual value of the car. Gasoline tax for highways only.
5. As to my attitude on the labor question, I refer to my employes, and my Legislative record.
6. Completion of the State Highway System with special attention to market roads.
7. The public school is one of the fundamental factors in our system of Government. I favor compulsory attendance in the primary grades. Teach pure Americanism to all pupils, beginning at an early age. Continue to strengthen and build up this typical American institution.
8. Strict enforcement of all laws.
9. I am against Japanese land ownership or control.

Senator Charles Hall of Marshfield, who has long been mentioned as one of the strongest prospective candidates for Governor, has announced definitely that he will enter the gubernatorial race. This announcement has been expected by his friends for some time, as strong pressure has been brought to bear upon the Coos and Curry Senator since his name was first mentioned as a prospective candidate.

He was born on a farm in Jefferson County, Pennsylvania, and came to Oregon in 1901. Shortly thereafter he began his business career as a clerk in a drug store at Clatskanie, Oregon. Eventually he acquired ownership of the drug store, sold it and bought a drug store in Hood River, where he lived until 1914. In Hood River his ability for organization asserted itself. During the eight years he spent in that town, he was one of the builders of the telephone system there, the Oregon-Washington Telephone Company, and built the Central Building, Oregon Hotel and the Hay Building, and owned and planted a number of orchards in the Hood River Valley. He also served as Director and President of the Hood River Commercial Club.

His activities were transferred to Coos Bay in 1914 and immediately thereafter a number of new organizations in that district came into being. He organized the Coos and Curry Telephone Company of which he is President today; organized the Bank of Southwestern Oregon in 1917 and was President of that institution until 1921.

Outside of his business activities in Marshfield, he soon became one of the prominent citizens of that district. He was one of the original promoters of the State Highway program. He was elected Senator from the Eighth Senatorial District comprising Coos and Curry counties in 1920.

Senator Hall soon became one of the leaders in state-wide politics as a fearless exponent of the highway program. As a legislator he played a prominent part in all important legislation during both sessions in 1921. He risked censure from the exponents of the 1924 Exposition Bill when he refused to listen to any proposed roads into the road funds for the purpose of financing the Fair. Hall's own levitating course in this latter action brought forth the highest praise from all parts of the State.

Since his debut into state-wide politics, the leadership in various non-political movements has gravitated naturally to him. He is a member of the Oregon Land Settlement Commission and served for three years as President of the Oregon State Chamber of Commerce and is now a director of that organization.

Friends of Senator Hall proclaim him as a natural leader, and point with pride to his record of achievements in public and private life. Others concede that his judgment is sound and admit that no outside pressure or logrolling can swerve him from any program or movement to which he has dedicated himself.

Mr. Hall was married in 1906 in Portland to Ann English. They have three children, two boys thirteen and seven, one girl nine.

We Know Batteries!
Repairing batteries may look easy—but it isn't!
To be successful, a repair man has to know just how to handle the plates that hold the active material that keeps life in the battery. He has to know how to take care of the insulators that keep the plates apart. He has to know when it is cheaper for you to buy a new battery than to have the old one repaired.
Bring your battery in to Headquarters—no matter whether it's a Willard or not. We'll tell you what it needs, if anything, how much the cost will be—and whether repairs will pay or not.
