POTATOES are still the cheapest food on the market and moving well.

WE are selling flour lower than we should and our customers are taking advantage of present conditions.

BUTTER is up a little, but no change on sugar and eggs. VEGETABLES are coming in better, but will not be very cheap until we can raise some ourselves.

CANNED TOMATOES, CORN AND PEAS seem to be in unusual demand now and are all fine. Canned Green Lima Beans and Succotash are good to turn to for a change. Canned String Beans are nice also.

RICE AND BEANS are the old standbys for this time of year and seem to be selling in increased amounts.

WE handle the pies made by the Uncle John's Pie Co. They make the best we know of. Try them.

THRIFT!

Thrift consists of the provident use of one's income and revenues and the careful ordering of one's expenses, so as to live not only within one's means, but to lay aside something for the "rainy day."

Thrift rightfully understood and constantly carried out, is a moral virtue which insures health, wealth and happiness and is a powerful safeguard against dissipation.
