## HIKING DOWN THE LONG BROWN PATH

Vacationists With Shelter Tents and Tin Cow Learning to Walk All Over Again.

Oh! It's not the pack that you carry on your back. Nor the rifle on your shoulder. Nor the five inch crust of khaki-colored dust.

That makes you feel your limbs are growing older. And it's not the hike on the hard turnpike that drives away your smile.

When the party commences to load up the members bristle all over with camp tools and equipment.

Back to the Farm. The veteran from the crowded city tenement has found a new territory to roam and one almost unknown to his associates.

Who will say the heaven thus fermenting in the city crowds will not bear fruit in a keener appreciation of country delights.

See Geographical Change. A variety of corn grains was found in the mortuary urns of prehistoric graves.

In the Hands of Friends. "When you leave yourself in the hands of your friends are you sure you can trust them?"

"No," replied Senator Sorghum. "Some of them are liable at any moment to go out behind my back and dig up all kinds of needful campaign funds in a manner that I should highly disapprove of if I knew about it."
