The Canning Season is on now in earnest. We have had to get more Fruit Jars and fixtures in spite of the fact we had more than ever to begin with.

Peaches and Pears never were so good and they are cheap. Use all you can and help our growers out this year as they are hard hit by the railway strike. Buy them by the box and use them on the table now and let the children eat all they can. They are better than apples at present and are cheap.

We are still selling sugar 30c a sack cheaper than the Jobbers.

We have a new destroyer of Flies, Moths and other insects. It is applied in form of spray without injury to the person using it and does not hurt furs of any sort. It also bears a pleasant odor. It is called Fly Tox and costs 50c a bottle.

TEN YEARS FROM NOW

Ten years from now, will you be envious of your friends or will they be envious of you? It depends on what you do with your money NOW. If you spend all there is no chance of your getting ahead. If you save a part of what you earn, you will be in a position to greet Opportunity with a smile when it knocks at your door.

It is surprising how quickly savings accumulate. Almost before you know it, you have built up a Savings account that you thought hardly possible. And you did it without any hardship or self-denial. The interest we pay helps your savings grow. If you haven't already started a Savings Account, do so without further delay.
