

THE ST. JOHNS REVIEW
A. W. Markle Editor
Published Friday of Each Week
404 N. Jersey St. Phone Col. 321
Subscription price \$1.50 per year.
THE REVIEW is entered at post office in Portland, Oregon, as mail matter of the second class under the Act of Congress of March 3, 1879.

Y. W. C. A. Notes

Beginning Sept. 11th, all clubs will meet regularly according to former schedule. All girls are urged to attend, as plans will be made for a profitable and happy year.

Many club girls enjoyed vacations at Rock Creek Camp. Information or positions will be furnished by calling Emp. 1296 or Emp. 0057.

Classes in gymnasium, millinery, sewing, art and esthetic dancing will begin Oct. 1st. The schedule announcements later.

The I. G. H. Y. Club enjoyed a party at the Y. W. C. A. building on Wednesday evening.

The sad and unexpected taking away of the late Oron Lear of whom mention is made in another column of this paper, was a shock to not only immediate relatives, but the entire circle of a large acquaintance. He spent the greater portion of an honored career in St. Johns. The remarks of Rev. Kloster in the funeral sermon; the presence of many friends; the attendance of his Masonic brethren, and even the floral offerings were testimonials of the esteem in which the deceased was held in a community where he lived for a short time and was called to answer the final summons in the prime of life. The Psalmist truthfully said: "In the midst of life we are in death." Oron Lear's memory will be honored in private as well as in army circles. He enlisted when there was a call to arms, and served overseas in the World War. The spirit of '76 was aroused from a long slumber and Oron Lear, with thousands of other young men, answered their country's call, prompted by the immortal words of Patrick Henry when he said: "Give me liberty or give me death."—D. E. Vernon.

Care taken by a railroad in sanitary and hygienic matters is well instanced by the provisions taken by the Southern Pacific Company for supplying pure drinking water to patrons. Tanks for drinking water are sterilized regularly with live steam. Ice is kept in a separate compartment so as not to come in contact with the water itself. Automatic drinking fountains of the bubbling type have been installed at all important stations and on ferry steamers. The water in these fountains passes through coils of pipe which are thoroughly iced. Employees who use water cars wear white duck uniforms and caps and gloves. Uniforms are laundered at the expense of the Company. Ice, while being transported to cars, in carts which are frequently cleaned with live steam, is kept covered with clean, white canvas. All water and ice used for drinking purposes at stations and on trains operated by the Company is examined by the health authorities and a certificate is furnished the Company at regular intervals, indicating that the water is entirely satisfactory for drinking purposes.

Within six months the Peninsula Lumber company will start the construction of a new \$500,000 modern saw mill immediately below its present plant on the Willamette river. This announcement was made yesterday by E. C. Knapp, president of the concern. For some time the plans for the proposed mill have been under consideration, but it was not until the lumber industry entered the period of prosperity that it now experiences that the time for the starting of construction was definitely decided upon. The mill will be modern in every respect and will be run by electricity. The old mill of the company is now cutting approximately 250,000 feet of lumber daily and the new mill, on an eight-hour shift will cut as great or a greater quantity in the same length of time. Mr. Knapp declared that if the lumber industry continues to improve as it has during the last few months double shifts would turn out 1,000,000 feet daily from the two plants. For some time the property on which the new mill is to be erected has been filled and within ten days the ground will be ready for constructing the foundation. The Peninsula Lumber company owns 125 acres of land and 3500 feet of water front on the Willamette river at a point considered one of the best saw mill sites in Oregon. When the new plant of the company is completed the concern will have utilized practically all of its water frontage for mills and export docks.—Oregonian.

For Sale—Solid brass baby crib and kiddie koop, both for \$7.00. Phone Empire 0426.

CALL FOR ST. JOHNS IMPROVEMENT BONDS.

In accordance with the provisions of Ordinance No. 41617, passed by the Council August 23, 1922, notice is hereby given that St. Johns Improvement Bonds numbered 649 to 652 inclusive, dated October 1st, 1913, are hereby called for redemption October 1st, 1922.

The face value with accrued interest will be paid upon presentation of said bonds at the office of the undersigned on the above date, the said date being semi-annual coupon period. From and after said date the interest on said bonds shall cease.

WM. ADAMS,
City Treasurer.
Portland, Oregon.
Date of first publication Sept. 1st, 1922.

MEN WANTED.—The Northern Pacific Railway Company will employ men at rates prescribed by the United States Railroad Labor Board as follows: Machinists 70 cents per hour, blacksmiths 70 cents per hour, sheet metal workers 70 cents per hour, electricians 70 cents per hour, stationary engineers various rates, boiler makers 70 and 70½ cents per hour, passenger car men 70 cents per hour, freight car men 63 cents per hour, helpers, all classes, 47 cents per hour. Mechanics and helpers are allowed time and one-half for time worked in excess of eight hours per day. Young men who desire to learn these trades will be employed and given an opportunity to do so. A strike now exists on the Northern Pacific Railway. Apply to any round house or shop, or to Superintendent, NORTHERN PACIFIC RAILWAY at Tacoma, Washington.
Mr. W. C. Albee, Supt.
N. P. Ry., Tacoma, Wn.

MATIN SONG.

When I have come to die let a new dawn
Lie rose and opal on the paling sky;
Let morning thrill with life that still lives on
When I have come to die.
For I have known the agony of night
And the cold stars above Gethsemane;
Let death be dawn for me;
Let me look last on pools of living light.
—Arkansas Gazette.

I want a man to work on my farm. I don't give dancing lessons. I have no piano. I can't serve plank steak three times a day. I do give three square meals, a real bed, fair wages. If any man who knows a cow from a talking machine, can hear an alarm clock, get up at 5 o'clock, wants the job, I will agree not to treat him like one of the family, but a darn sight better. Apply at the Steve Wiggins place, Intervale road.—Adv. in the Home (Kan.) Recorder.

ADIADE RUBERS ROGERS

Coming to PORTLAND

Dr. Mellenthin
SPECIALIST
In Internal Medicine for the past eleven years
DOES NOT OPERATE
Will be at
BENSON HOTEL

Wednesday, Thursday and Friday, Sept. 27, 28, 29th

Office Hours; 10 A. M. to 4 P. M.
THREE DAYS ONLY

No Charge for Consultation.
Dr. Mellenthin is a regular graduate in medicine and surgery and is licensed by the state of Oregon. He visits professionally the more important towns and cities and offers to all who call on this trip free consultation, except the expense of treatment when desired.

According to his method of treatment he does not operate for chronic appendicitis, gall stones, ulcers of stomach, tonsils or adenoids.

He has his credit wonderful results in diseases of the stomach, liver, bowels, blood, skin, nerves, heart, kidney, bladder, bed wetting, catarrh, weak lungs, rheumatism, sciatica, leg ulcers and rectal ailments.
If you have been ailing for any length of time and do not get any better, do not fail to call, as improper measures rather than disease are very often the cause of your long standing trouble.
Remember above date, that consultation on this trip will be free and that his treatment is different.

Married women must be accompanied by their husbands.
Address: 336 Boston Block, Minneapolis, Minn.

MRS. FRANK A. RICE

Instructor of the New and Improved Method of Music Study
ANNOUNCES THE REOPENING OF HER STUDIO

412 S. Edison Street, cor. Richmond

Investigation Costs Nothing! Comparisons Are Necessary!

Educate your children to be real musicians that they may be equipped to turn to their music as a source of livelihood instead of being mere piano players.

Each difficulty is presented in such a thorough manner that a child of 10 or 12 years of age can master **transposition**, scale building, melody writing by dictation. Dominant Seventh, Cadences and Modulation.

The muscles of the fingers, wrists and arms are strengthened by table technique, later developing Leschetizky.

Ear training, sight reading, foundation harmony form a part of each class lesson, thereby developing all sides of the Science of Music Study.

Mrs. Rice will be glad to show you BY APPOINTMENT the especially made apparatus for teaching this system which includes one hour class lesson and ½ hour private lesson, making a far more economical way of acquiring a musical education.

Classes for beginners 2:30 Monday. Intermediate grade Tuesday, 4 o'clock.

Visit and see children at work and compare the new way with the old.
