The Canning Season is still in full swing and Fruits are plentiful and very cheap. Peaches are still fine, Pears are with us in many kinds. Italian Prunes are ready now. We can get you any amount of fine Prunes at 3c per pound. The great trouble now is to get Fruit Jars in the various sizes and kinds.

We are preparing to move into our New Store now and things will be more or less torn up until we get settled for good. We are going to move and continue business right along with as little trouble to our customers as we possibly can. If you will kindly overlook a few mistakes and confusions in orders for a few weeks, we will appreciate it very much. It will be a big task but will be worth the trouble to all. Business is increasing fast too as conditions get better over the country and as people come in from the summer camping and outings and settle down for the winter.
