Beginning October 24 you will find us in our New Building, 108 South Jersey, doing business in the same way but under much better conditions in every respect.

The rooms will be light and airy, making it more cheerful for both the customer and ourselves.

This will complete exactly Four Years in the Old Building, where we have had to work under many handicaps, but we have done an enormous business and we wish to thank the people for putting up with our disadvantages.

We expect to work hard and increase our trade as we shall be able to handle it easier and in a better manner.

We will also increase our stock and carry many items that you have had to go over town for. St. Johns is growing so that we think we will be justified in doing this.

Again thanking you, we remain,

Yours truly,
