Community Club Notes

What our Community Club has accomplished:

For the St. Johns Community Club to take credit for the actual conclusion of the many improvements that have been brought about during the past three years would be presumptuous.

But the fact remains that the Club has been a deciding factor and a tremendous help in the establishment of our new High School and in the naming of it. It has been helpful if not a large factor in getting for our district a Park Site that is worth a while.

The Community Club was the inspiration for tearing down of a number of unsightly buildings in the business district. The Club put on at least two cleanup campaigns that were decidedly effective.

We were instrumental in getting a portion of Jersey street resurfaced and have at times produced results in getting some streets cleaned and crossings brought to grade and repaired.

The Club has been a factor in the establishment of the Y. W. C. A. branch. It has promoted dinners, many entertainments and

other social affairs.

By its meetings where invitations have been given to City Officials it has produced an impression that makes us recognized when we send delegations over. This statement is true as applied to the County Commissioners as well.

The Club furnished the funds and caused to be made drawings of the Fair Site.

But in the opinion of the writer the best thing the Club has done has by its various dinners, meetings and other activities brot the community in touch with its contingent in a perso al way. It has created a feeling of contentment and has developed the democratic spirit rather unconsciously to a marked degree. We are possessed of a fraternal spirit that did not exist prior to the organization.

We simply know each other better. If we did nothing else than cultivate that spirit our Club of forts would be worth while.—H. W. Bonham.

First degree work will take place at the I. O. O. F. meeting next Monday night, and second degree work on the following Monday night. All members are requested to attend.

W. C. T. U. Notes

A new club of high school girls just organized had supper together at the building Tuesday evening. All had a delightful time.

A community music week program will be held at the Y. W. C. A. building Friday, the 10th, at 8 o'clock p. m. Everybody invited; no admission.

Beginning next Sunday the Y. W. C. A. building will be open every Sunday afternoon from 3 till 5 o'clock. Something interesting can be heard every Sunday as well as provide a good place to spend your time. Every one is welcome, especially young people.

The benefit tea for the Farm Home last Friday was a great success and over twenty dollars were received. Over 125 ladies were present. Judge Evans spoke for the Farm Home, Mrs. Bathgate for the P. T. A. and Mrs. Norman Christie, general secretary for the Y. W. C. A. Miss Frances Notz gave a delightful reading in her own way. Randolph Howard at the piano, John Oliver on the violin and Mr. Hurd on the cello furnished very pleasing music while tea was served. Mrs. G. W. Overstreet and Mrs. P. P. Schultze presided at the tea table. Others assisting were Mrs. Fred Couch, Mrs. E. P. Borden, Mrs. J. O. Bailey, Mrs. Kennedy, Hazel Fox, Margaret Robertson, Goldie Reznor and Margaret Brandon served.

The Parent-Teacher Association and other organizations are uniting in a big musical program to be given Friday evening the 10th of November at the St. Johns Branch Y. W. C. A. at 8 o'clock. The program follows: Mr. Sneed's String Quartet, Solo; Harry Fassett; Quartet, Eastern Star; Reading, Mrs. Geo. Hall; Chorus, George School; Solo, Miss Lola Murphy; J. J. High School Glee Club; Violin Solo,

HON. DOW V. WALKER

Our popular local citizen who has been elected County Commissioner by a splendid majority.

Community Church

Interest at the Community church Bible school took a jump Sunday with the introduction of the Lincoln Highway contest. The cars (including a Ford) representing the different classes, are all lined up ready to make the start next Sunday. One feature of the contest is that any class bringing a member from another Sunday school will be penalized.

Mrs. Campbell and Mrs. Weimore, at the head of the Primary Dept. of the Sunday school are making things interesting for the little tots. The Christian Endeavor Society will meet hereafter in parish house. A number of the younger boys are planning to attend the Father & Son Banquet at the auditorium Friday night. Sunday will be Friday and Son day at the church. The morning services will be especially in their honor, with sermon and music in keeping with the idea. There are few things that cannot be tended to before or after church.—Reported.

The Health Show

The Health Show closing at the city auditorium last week was a success in every respect. Many thousands took this opportunity to attend and learn more about those things that go to make healthier, happier people. The effect of successful war against disease and death is to make life better, worth living. There are many towns, cities and even whole countries who are living at a low physical level of well being. In our own country we have by research and scientific study of health succeeded in lengthening the average life of the human body by about ten years in the last few generations. Tuberculosis, cancer and other deadly diseases have been robbed of their terrors. Infant mortality has been brought to the lowest and we are glad to say that Oregon is second from the top in being able to reduce the infant mortality rate. Health shows broaden our learning on all these things that mean a healthier, sounder body, and next year we should have another that should attract thousands where hundreds went this time.

The Livestock Show

The pampered cow, the groomed horse, the fatted hog, the mild eyed sheep, the long haired goat and the fowls of the barnyard have been holding the boards at the Livestock Exposition this week. Outside the National Show held in Chicago no finer collection of stock is brought together anywhere in the world as was seen in Portland this week. The average city man does not know what the great livestock industry means to the Northwest or the country as a whole unless he visited the show this week and saw the herds of livestock that were collected here from all sections of the country. If you failed to attend this show, failed to see the ten acre collection of the finest animals in the world, you are not keeping posted on the progress the great livestock industry is making in this country, and especially in the Northwest.

The Altruistic Club, Pythian Sisters, were entertained at an all day meeting Oct. 31st with Sister Anna Clark at her home, 632 N. Ivanhoe street, when 16 members attended quilting. A quilt was the work and finishing up work for the bazaar, which is to be held Dec. 2. The business meeting was held after a lounchee dinner was served at noon, when it was decided to have the usual Christmas box opened at the regular meeting of Dec. 19th, place to be decided later. Those attending were Sisters Brice, Douglass, Hendricks, Campbell, Maxfield, Hoover, Treher, Berry, Ena Jones, Ethel Jones, Beckman, Nelson, Johnson, Jacobson, Weimer, and the hostess. The next meeting will be with Sister Hoover at 925 South Kellogg on Nov. 14th, when all are expected to be present.—Reported.

Funeral!

CONNANT is a Dead One

Will sell my home at 1015 S. Ivanhoe Street, near Buchanan, for \$2,375. Make your own Terms. 4 Rooms Modern.

All Furniture and Household Goods to go at your OWN PRICE.

Saturday, Nov. 11th, is Armistice day and will be generally observed as a holiday throughout the city. Here in St. Johns all the business houses have agreed to close, giving the day over to the celebration of the 4th anniversary of the close of the World War.

GEORGE ELIOT wrote "As our thought follows close in the slow wake of the dawn, we are impressed with the unusual sameness of the human lot which never alters in the main headings of its history—labor and hunger, seed time and harvest, love and death."

It is entirely fitting that a profession should have developed to care for every detail that perplexes and disturbs the family when the end comes to one of its members.

There is a funeral director in your community who merits your confidence and who has dedicated his life to a sympathetic and efficient service to his fellow beings. He realizes fully the desire of people in time of sorrow to be relieved of all necessary details, and their further desire for a character and quality of service that will leave the family with the assurance that everything humanly possible was done for the departed.

Fords, Fords, Fords

The drop in prices on Oct. 17 makes the prices on **FORD**

Cars and Trucks Less than they have ever been

The Ford Roadster, Touring Car, Coupe and Sedan at these extreme low prices and a quality product are unquestionably the best buy on the automotive market today. Why pay more? We will take your used Ford in as all or part payment on a new one and you can pay the balance in small monthly installments.

The Election Results

The general election held Tuesday throughout the nation resulted in a veritable landslide for the Democrats. It was predicted by close observers and political writers generally that the Democrats would make gains, but not such a great reversal as was shown Tuesday, especially in the East.

The Republicans retain control of Congress, the lower house by a bare majority and a reduction of about six in the senate. Quite a number of the leaders in both parties were victims of the battle of ballots.

In our own state Pierce, Democrat, has been elected governor by a majority of over 30,000. Congressman McArthur has been defeated for Congress from this district by Elton Watkins by about a thousand votes. Mr. Watkins will be the first Democrat to go to the lower house of Congress from this state in over 40 years.

Party lines were broken perhaps more in this state than any other in the Union, due to the bringing in of issues that completely upset all party ties.

There were local questions voted upon that mean much to the city and state one way or the other. The voting to replace the Burnside bridge and to build a new bridge at Ross Island means much towards the solution of the traffic problems in that section of the city.

The defeat of the amendment to the constitution enabling this city to levy a tax for holding an exposition is a great blow to this project. It was carried by a big majority in this city and county, but outside the county the majority against overcame the vote in its favor within the county.

The compulsory school bill was winner in nearly all parts of the state, carrying in this city and county by over 8000 votes. While this bill does not become effective until 1926, the indications are now it will have to run the gamut of the courts before it is put into effect.

The income tax measure was defeated overwhelmingly. This is the third time this question has been presented to the voters, each time the majority against increasing, which should have the effect of finally settling this measure, especially in the form it has been presented heretofore.

Result From Poor Heating

Extremes in heat endanger your well-being. Last Sunday we visited a sick friend. It was noticeable how hot his room was. It was heated by a wood stove. On the way home we visited a family who were gathered about the wood stove. The temperature here was also oppressive, almost 90 degrees. In order to please us they opened the window. As a result one of us has a sore throat and ever since has doctored a bad cold in the head. This is a very common experience in thousands of homes. Most people do not realize how dangerous to their health this haphazard mode of heating a home is. With a Gaso furnace, controlled by a thermostat, the temperature in the home is kept around 70 degrees all day long. The well-being of yourself and family should decide you to enjoy the even heat of a home scientifically heated by gas.—Adv.

Mrs. Gladys L. Smith, wife of Edwin L. Smith, died at her home, 1109 South Princeton street, November 7th, 1922. She was the mother of Harold A. Smith, daughter of Mr. and Mrs. Lester L. Cooper and sister of Lney Cooper of Portland; Mrs. R. Chaney of Kerry, Ore., and Mrs. H. M. Isham of Bluslide, Wash. The funeral services were held yesterday afternoon at 2:30 at Finley's mortuary. Concluding service at Rose City cemetery. The deceased was a member of Minerva Chapter, Order of Eastern Star.
