This year's pack of almost all canned goods is in now and we have a nice assortment to select from. Dried Fruits the same.

We also make a point of having GOOD CHEESE, and a variety as well. In the American cream we have the Brookfield, a cheese that is the same week in and week out. We have the Wisconsin Cream Brick, and in Swiss we have both American and Imported. Besides the above we have others in McLaren's well known brands.

In Salt Fish the new Herring and Mackerel are in.

Oranges are better now, and some cheaper, but apples are still the seasonable fruit.
