Better lay in Flour and Potatoes while they are cheap. Flour has gone up three times since we bought and it is only a question of time until we are forced to buy again. A good stiff freeze would send the Potatoes up and a heavy snow would make them scarce as not many have been dug. They are good now and will keep.

Apples are still cheap and many kinds to choose from.

Remember that we carry a big supply of candy and still it is very cheap. The best Plain Mixed is only 15c per lb. and Commercial Chocolates at 25c. We also have the higher grades at very little more.

The Dromedary People have a package of sliced peel that is convenient. It contains Citron, Lemon and Orange in separate rolls. We have Knights' Mince Meat this year, 20c a pound. We have Heinz', Libbys' and Mrs. Porter's Plum Puddings this year.
