Portland Police & Fire Reports
Continued from Page 7

On Dec/ 30 at 7:02 AM Portland Firefighters were called to a fire alarm at a residential high-rise building in downtown Portland (255 SW Harrison St.) When firefighters arrived they received reports from residents noting smoke in some of the hallways. The incident commander called for additional units to respond to the scene. Firefighters began searching for the source of the smoke and working to evacuate residents. Due to the extreme cold residents were sheltered in the buildings lobby. Fires in high-rise buildings require a very specialized response with additional personnel. Due to increasing smoke and the number of residents fire commanders called for a "Second Alarm" bring more personnel and equipment to the scene. The fire was located in an electrical vault on the 21st floor. Firefighters were able to hold the fire at bay using specialized extinguishers but the fire couldn't be extinguished until electricians could cut power to the unit. As soon as the fire was located and isolated firefighters began working to remove smoke from the building. Residents were let back into their apartments as soon as the situation was deemed stable and safe. The vault affected floors 21-23 and those units will be without power until it can be repaired. The power company shut down the affected vault and firefighters were able to extinguish the fire. Fire investigators and the power company have determined that the cause of the fire was electrical and damage estimates are at \$100,000 so far. This fire is a good reminder that residents should immediately evacuate a building when the fire alarm sounds. Plan your escape route before an emergency and avoid elevators.

BANK ROBBERY INVESTIGATION IN PEARL
News Release: Portland Police Bureau
Posted on FlashAlert: December 31st, 2014 11:29 AM
On Wednesday December 31, 2014, at 10:56 a.m., Central Precinct officers responded to the report of a bank robbery at Chase Bank, located at 1239 Northwest Couch Street. Officers arrived in the area and contacted employees who told police that the suspect entered the bank, implied he had a gun, and demanded money. After obtaining an undisclosed amount of cash, the suspect left the bank and was last seen walking eastbound on Couch Street. Several officers checked the area but did not locate anyone matching the suspect's description. The sus-

PF&R RESPOND TO A CAR INTO THE RIVER
News Release: Portland Fire & Rescue
Posted on FlashAlert: December 31st, 2014 11:36 PM
On Dec 31 at 7:30PM firefighters were called to NE Marine Drive. Dispatchers received a report of a vehicle veering off of the road and into the river. Firefighters arrived and were able to see what appeared to be headlights in the water approximately 25' from shore. Fire crews searched along the banks to determine if anyone was able to escape the vehicle and swim to shore, but no one was found. Rescue boats from several agencies searched the river and confirmed that there was a vehicle in the water. The Multnomah County Sheriffs Dive Team entered the water and recovered a body from the vehicle, the individual was pronounced dead at the scene. No one else was found in the vehicle. Any questions regarding the cause of the crash or the investigation should be referred

to law enforcement. The Medical Examiner will be investigating the cause of death and PF&R will not be releasing any information on the deceased.

The above reports were received via email from the Portland Police Bureau and the Portland Fire Bureau. The information has not been altered except to bring them to the present tense.
