TIME TO ACT RE. PROPANE TERMINAL
Dear Editor,

At our homeowner’s associa-
tion meeting last week, Pembina
Pipeline Corporation (Alberta,
Canada) identified which neigh-

borhoods they considered to be
stakeholders as they seek to ob-
tain a change in Portland’s en-
vironmental zoning. This would
allowing Pembina to build a pro-
pane export terminal at Terminal
6 (adjacent to Kelly Point Park).
The neighborhoods are: St. Johns,

Cathedral Park, Linnton, Hayden
Island, Kenton, and Delta Park.

These residents are the Portland
citizens most likely to be affected
in the event of a catastrophic ac-
cident 1) during rail shipment of
the propane from Canada to the
N. Portland facility or 2) during
transfer from hundreds of railroad
tanks to the proposed 33.6 million
gallon storage tanks, or 3) during
transfer of the propane to Asia-
bound transport ships, or 4) while
the loaded ship sits at the dock.
But building this terminal would
facilitate a host of additional finan-
cial, environmental, and ethical
impacts affecting every citizen of
our city, state, country, and world.
For example, note that ILWU Lo-
cal 8 President Mike Stanton (on
behalf of 500 Portland longshore
workers,) testified before the Port-
land Bureau of Planning and Sus-
tainability (PSC), “Propane ex-
ports squander the port’s potential
by squeezing out rail capacity for
other cargoes, including Oregon
agricultural projects, containers
and more. Pembina’s promise of
jobs — other than a short initial
construction burst — is simply
false.”

The PSC will continue discuss-
ing the proposal at their March 17
meeting, and will ultimately make
a recommendation to City Coun-
cil. I encourage every citizen and

business owner in the stakeholder
zone to do some reading about this
project. If you are opposed, please
visit <http://petitions.moveon.org/sign/tell-portland-mayor-hales>
and add your name to the petition
asking the Mayor to oppose the
project. Email your thoughts to
the PSC, and the members of our
City Council. Join those who op-
pose this project by attending the
March 17 meeting, and supporting
those who will testify...or testify
yourself!

If our city’s leaders are serious
about long-term health and pros-
perity, they need to stop focusing
on short-term profits from rapid
fossil fuel development and export
and start engaging in serious con-
versations about our energy future.

MORE CRIME REPORTING INFO

Dear Editor,
Thanks to the person that wrote
the article (Feb. 20, 2015 “Re-

porting all crimes to Police”, Page
6), however one VITAL bit of in-
formation was left out. Callers in
North Portland that dial non-emer-
gency need to press ‘0’ as soon as
the recorded message begins or
else their call will be routed along-
side calls coming in from as far
away as Troutdale. Will someone
please add this critical informa-
tion to the next addition of the *St.
Johns Review*? Pressing ‘0’ helps
area callers by limiting the time re-
quired to connect to a dispatcher,
but also alleviates the added frus-
tration of unnecessary wait time.

Also of interest is that the dis-
patch phone operators are NOT
‘managed’ by the same govern-
mental department head as PPD.
This may be a subject worth fur-
ther reporting...
Thank you,
Brita Douglas
