FATAL HIT AND RUN CRASH ON PORTLAND HWY

News Release from Portland Police Bureau

Posted on FlashAlert: December 14th, 2015 3:14 PM

On Saturday December 12, 2015, at 8:38 p.m., North Precinct and Traffic Division officers responded to the report of a bicycle rider down in the street in the 4200 block of Northeast Portland Highway. Officers and medical personnel arrived and located the male victim suffering from life-threatening injuries. Medical personnel were unable to save the victim's life and he died at the scene. The driver was booked into the Multnomah County Jail early Sunday morning on multiple charges. 26-year-old Kenneth Britt Smith Jr. was charged with Manslaughter in the Second Degree, Criminally Negligent Homicide, Reckless Driving, and Driving Under the Influence of Intoxicants (Marijuana). During the investigation, Traffic officers learned that 38-year-old Martin Lee Greenough was riding eastbound on Portland Highway/Lombard when he was struck from behind by Smith, driving a blue 2000 Ford Crown Victoria. Evidence at the scene showed investigators that the bicycle rider was wearing a helmet and had a rear flashing red light on his bicycle. Smith drove away from the scene and was later taken into custody when police located the vehicle at Northeast 97th Avenue and Killingsworth Street.

MAJOR CRASH TEAM RESPOND TO FATAL CRASH INVOLVING TRUCK FIRE

News Release from Portland Police Bureau

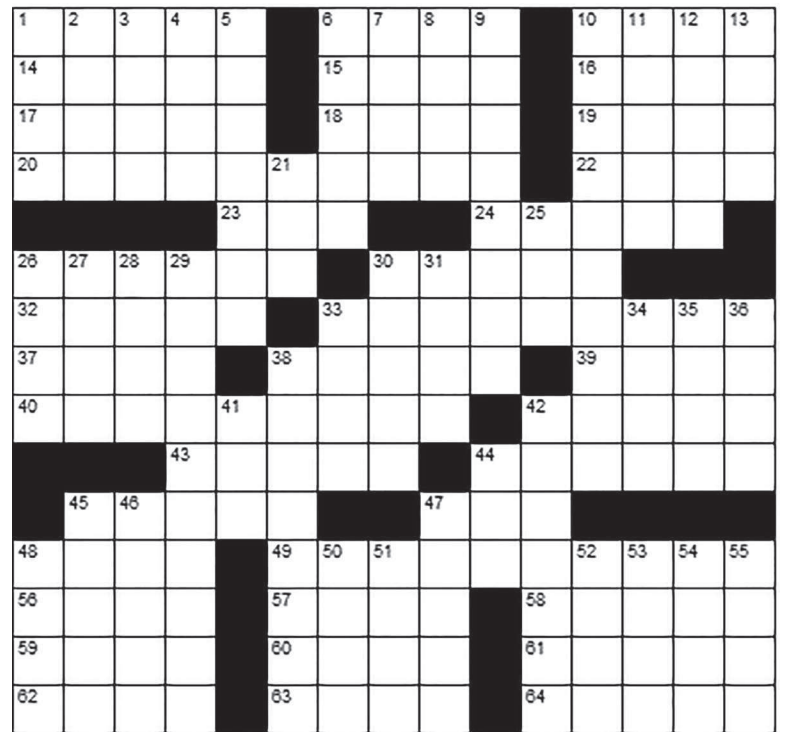

Posted on FlashAlert: December 14th, 2015 10:49 AM

Traffic Division investigators were able to determine that the driver killed in Sunday morning's crash was 41-year-old Andrew John Lambert of Vancouver, Washington. Investigators learned that Lambert was employed by the Kenan Advantage Group. Investigators learned that Lambert was driving a 2009 Peterbilt Semi-Tractor hauling a tanker full of gasoline westbound on Highway 30 towards the St. John's Bridge when he left the roadway on the right side, drove down an embankment. The truck flipped over and collided with a power pole and the train tankers that were parked on the train tracks below the roadway. Investigators believe that Lambert most likely died immediately. The truck tanker full of gasoline ignited and burned for more than an hour until Portland Fire & Rescue firefighters were able to gain control of the fire. The cause of the crash remains under investigation. Traffic Division investigators worked in conjunction with North and Central Precincts, Portland Fire & Rescue, the Portland Bureau of Transportation, the Oregon Department of Transportation, Portland General Electric and the railroad companies affected by the crash.
