Discussion of the Interests of Fruit Growers-To Find a Profitable Market is the Vital Question.

The Clackamas County Horticultural Society met at the hall of the temper-ance society in Milwaukie on Thursday,

Dr. Casto in the chair.
Mr. U'Ren as a citizen of Milwaukie delivered a short address of welcome. He said: If there is a fruitgrower in the county who hasn't lost money the past season I don't know it. Portland doesn't season I don't know it. Portland doesn't pay a good price for fruit. Only one man in Portland buys prunes, paying 3 cents for Petites and 5 cents for Italians. People have lost courage and that is why the attendance here to-day is so small. Our people are beginning to think we have got to begin fruit growing at the political end of the business. Our people want to secure such a market people want to secure such a market that they will not be obliged to dump out the strawberries they take to market. The bad state of the market for fruit is

cherries. His entire fruit crop didn't or no road work was done here that hardly pay interest on investment. A large part of the crop of the fruit growers of that state rotted in the orchards this year because they couldn't get money to market the crop. The Santa Clara Fruit Growers' Association has marketed this year about \$300,000 worth of fruit, and kept prices of prunes at \$4\frac{1}{2}\$ is increased by the nonrable, honest and cents. Sand association has parked it. C. A. Hermann, secretary.

After the discussion on Friday evening, the Oregon City senate cast the majority vote for the McKinley tariff. This week Friday Brother Hankins flat money bill will be discussed.

The Herald, people's party, has had its name changed into Industrial Herald by the corporation of ten-dollar stocks.

MEETING OF HORTICULTURAL SOCIETY | WHAT A SANDY CITIZEN HAS TO SAY.

Work on Bull Run Pipe Line-Condemns the Road Policy of the County Court.

Editor Courier: As the new year is now on, the people of this part of the growing vineyard would like to be heard from occasionally in your paper. Owing to the amount of money distributed for work done on the pipe line last summer and fall, hard times are not felt here as much as elsewhere. Some work is being done at the headworks in constructing a reservoir by J. E. Stone and a foreman, Mr. Kennedy, for the city, employing about 35 men. The first pipes that are to receive the water are in position, laid in a 14-foot solid rock and cement wall. The reservoir looks as if it might stand, as I believe it will, for ages. Hoffman & Bates have established several camps for workmen for digging a ditch below the headworks and quite a number of men are there ready to begin. SANDY, Jan. 10, 1894.

SARSAPARILLA S. P. SMITH, of Towanda, Pa., whose constitution was completely broken down, is cured by Ayer's

Sarsaparilla. He writes: "For eight years, I was, most of the time, a great sufferer from constipation, kidney trouble, and indigestion, so that my constitution seemed to be completely broken down. I was induced to try Ayer's Sarsaparilla, and took nearly seven bottles, with such excellent results that my stomach, bowels, and kidneys are in perfect condition, and, in all their functions, as regular as clock-work. At the time I began taking Ayer's Sarsaparilla, my weight was only 129 pounds; I now can brag of 159 pounds, and was never it so good health. If you could see me before and after using, you would want me for a traveling advertisement. I believe this preparation of Sarsaparilla to be the best in the market to-day." .
