(Communicated.) There was recently published in these columns a proposed bill for a sound banking system whereby the present national banks might transfer their charters to a system which would pro-tect the depositors and permit the banks to act as the fiscal sgents of the general government. The report of the comp-troller of the currency gives some start-ling figures and traths about the present system that makes it imperative that something be done at once to place the currency of the country in other rela-Be the

Edson. "It is such a simple thing and so common that very few people, unless it is a case of pneumonia, pay any at-tenion to a cold. New York is one of the healtiest places on the Atlantic coast and yet there are a great many cases of catarrh and consumption, which have their origin in this neglect of the simplest precaution of every day life. The most sensible advice is, when you have one get rid of it as soon as possi-ble. By all means do not neglect it." Dr. Edson does not tell you how to cure a cold but we will.
