CHRISTIAN HYMNOLUSY

A Sermon Full of the Spirit of True Catholicity by Rey. Dr. Cowan.

A large congregation gathered at the ongregational church Sunday evening Congregational church Sunday evening to listen to r s ng service un ler the auspicer of the Young Men's Sunday Evening Service Club. After a responsive exercise, anthem and a solo by Mrs. Wiggins, the pastor, Rev. Dr. Cowan, discussed the evening's topic, "Christian Song," substantially as follows, illustrating point by point by appropriate hymns:

Song is characteristically Christian. Song is characteristically Christian, said the speaker. The first thing Christ did for the world was to bring a song into it—the song of the angels at Bethlehem. The last thing he did before he went out to his betrayal and death, was to sing a hymn with his disciples. His

TREASON IN THE AIR. Jacobites Still "Agin" the Government, but

A sojourner in the British metropolis says in a recent letter: Treason has been in the English air this week. The Jacobite club, the members of which deny Queen Victoria's right to sit on the British throne, has been celebrating the an-niversary of the escape of that crowned debanchee, Charles II, from his enemics and toasting the house of Stuart and confusion to the usurper. A sort of conference of traitors was held at Holywell, Huntingdonshire. The delegates gathered in the parlor of an ancient inn, ate and drank heartily and cheered a num-ber of seditions telegrams from branches unable to raise sufficient cash to send delegates. The members had hoped that the government telegraph department would have refused to accept the disloyal dispatches, and they had prepared a stinging manifesto denovacing the tyrannical usurpers, but the prosaic government calmly took their shillings and forwarded their telegrams with no more fass than would have been caused by the handing in of messages respect-ing the price of pork. There was some bitterness, therefore, in the festive cup but the delegates finally eased their feel ngs by drinking, with three times three and the subsequent ceremonial of the breaking of glasses, the health of "Mary

It should be explained that the lady so honored is a stout, elderly Bavarian princess, who, according to the Jacobite faith, should now be wearing the Brit ish crown instead of Queen Victoria In case the story should have reached America, it is just to say here that Mr. F. C. Bell, secretary of the Thames Valley Jacobite club, formally denies the statement that the members of the eague are in the habit of sticking stamps upside down on their letters in order to show their contempt for the reigning usurper. Mr. Bell admits, however, that "there was a member of the order of the White Rose whose intellect is about on par with his wit" who made such a suggestion at a meeting of the league. But, Mr. Bell solemnly avers, "his propositon was scouted by all right thinking men as not only ungentlemanly, but unmanly." The individual in question is understood to be the Hon. Stuart Erskine, one of the founders of the queer little Jacobite newspaper which had only a short and year checkered expenses. L. P. A FAD FOR SUICIDE.

Sioux Braves Show Their Progress In Civi-Recent events prove that the Sioux Indians are rapidly becoming civilized if the fact that many of them are following closely in the footsteps of law- gr office less whites can be construed as an evidence of civilization. Formerly suicides at the COURIER office. among the Indians were never heard number of Sioux have committed the crime of self destruction. In the matter of quarreling and fighting about land some of the Sioux are also becoming apt pupils of quarrelsome white farmers.

A Corner In Cocoons The Genesee Valley Forest association offered prizes last year to school children for the gathering of the cocoons of destructive insects. The three scholars gathering the largest number were to embarrassing the society. Instead of a single boy coming up to the \$10 mark, scores have brought in their 50,000 or more occoons, and there is danger that the aggregate of prizes earned will go up into the thousands. The society wishes it understood that it intended only one \$10 prize, but certainly any boy who has the industry to gather 50,-000 cocoons deserves to be generously rewarded. The association admits its error and will try to arrange a satisfactory settlement with the boys. And what they have done will save thousands of dollars to their section of the

In the first wave of delirium she rushed into the street, tore off the pin at her throat, tore off all her rings and at her throat, tore off all her rings and man followed and broke the news gently rushed into the street, tore off the pin at her throat, tore off all her rings and tossed them away. The Best Med ane. J. O. Wilson, Contractor and Builder, Sulphur Springs, 1exas,

thus speaks of Ayer's Pills: "Ayer's Pills are the best medicine 1 ever tried; and, in my judgment, no better general remedy could be devised. I have used them in my family and recommended them to my friends and employes for more than twenty years. To my certain knowledge, many cases of the following complaints have been completely and

Permanently Cured by the use of Ayer's Pills alone: Third day chills, dumb agne, billous fever, sick headache, rheumatism, flux lvspepsia, constipation, and hard colds. I know that a moderate use of Aver's Pills, continued for a few days or v. was, as the nature of the complaint reclired, would be found an absolute cure for the disorders I have named above."

"I have been selling medicine for eight years, and I can safely say that Ayer's Pills give better satisfaction an any other Pill I ever sold."-J. J. Perry, Spottsylvania C. H., Va.

Her Lost Ring.

There is a wife of 10 years' standing who is mourning her wedding ring, and it is all due to a fireman's gentle way of misleading her. The woman lived in Brooklyn, when her house caught fire one night, and she escaped with the youngest child, a sealskin sack and silk dress. That's all. Her older boy was in the lower story of the house when Pitcher's Castoria.
