15 YEARS IN OREGON. THE OLD ST. LOUIS Medical and Surgical Dispensary,

This is the oldest Private Medical Dispensar in the city of Portland, the first Medical Dis pensary ever started in this city. Dr. Kessler the old reliable specialist, has been the general nanager of this institution for twelve years during which time thousands of cases hav ever refused treatment because they had no money. The St. Louis Dispensary has thou-sands of dollars in money and property, and is able financially to make its word good.

The St. Louis Dispensity has a staff of the best Physicians and Surgeons in the country. all men of experience. A complete set of Sur gical instruments on hand. The best Electri Apparatus in the country, both French and

American. Their apparatus for analyzing the urine for kidney and bladder diseases, are per fect and the very latest. No difference what doctors have treated you, don't be discouraged, but go and have a talk with them. It costs you nothing for consultation, besides you will be treated kindly. Persons are calling at the St. Louis Dispensary, every day, who have been trented by some advertising quacks of this city and received no benefit. This old dispensary is the only one in the city that can give referen among the business men and bankers as to thei commercial standing. To They positively prarantee to cure any and all Private Discusses ha every form and stage without loss of time

Rheumatism Cured by an old German sent to Dr. Kessber a few months ago by a triend attending medical college in Berin. It has never failed, and we guarantee it.

Kidney and Urinary Complaints.

Private Diseases, anter to cure any of Syphilia, Conorbona, Gleet, Strictures cure

Take a clean bottle at bedtime and urinste in the bottle, set aside and look at it in the morning, it it is cloudy or has a cloudy settling in it you have some kidney or bladder disease.

We guarantee to cure any case of Catarrii or Piles. Don't be afraid to try because so many remedies have failed. Treated with our own remedies.

Address with stamp,

PROHIBITION MUST STAND.

perts and a minute containing the board's deductions. No one testified well pleased that he will return to Butte positively that the carcasses examined were not cases of contagions pleuropneumonia. Many confirmed the decisions of the officers of the board. The
board considers that the evidence negatives the suggestion that the disease is
eroupous pneumonia. Messrs. Hunting is a disease hitherto unobserved. The board expresses the opinion that the the military next step rests with the Canadian vete-

rinarians, and in consequence says:
"It is beyond question that a disease occurs in Canadian cattle which many of the ablest and qualified veterinarians of the ableet and qualified veterinarians in Great Britain declare to be contagious pleuro-pneumonia, and which even those holding the opinion that it is a new disease pronounced bacterial, and that the disease could not have developed to the extent shown when the animals are extent shown when the animals are tilled, three weeks after shipment, unless contracted before leaving Canada. The matters deserve and will doubtless receive the serious attention of the Dominion government. In the meantime it is clearly the board's duty to maintain the regulation requiring slaughter at the port of landing."

Everything in Stock to Furnish a House. and an importance commensurate with the elevation of that dignity and with the comparative rarity of their enactment. Apart from these considerations, in view of the repayment of the last pormoreover, the unusual nature of the degold bonds due at the Hong Kong and

mon, a Mason whose name is almost a household word in the fraternity membership. From Georgia comes General Grand Scribe James W. Taylor and from Michigan General Grand Treasurer Daniel Striker. Nor is there a dearth of distinguished membership from the East, not to speak of the members who owe their pre-eminence to what has been accomplished by them in the lower ranks of the Masonic hierarchy. There are, for instance, David F. Hay, Past General Grand High Priest; William J. McDonald, who is deemed the most popular Mason personality among the Royal Arch members; Thomas C. Cassidy, Richard H. Parker of Syracuse, N. Y., and Jass. D. Pollard Feederick E. Barnes will mon, a Mason whose name is almost a China.
household word in the fraternity memnence as a delegate in view of the pros-pect of his election by the convocation

Nevertheless the Eastern delegations will not have all the prominent mem-bers, for Washington sends George E. Corson and Kentucky Bernard G. Witt, who is now General Grand Master of the Second Veil, but who is to be promoted to the third in room of Nathan Kingsley of Minnesota, a prominent delegate and Mason, whose next dignity will be General Grand Royal Arch Captain. The convocation will have to deal

ith matters connected with the ritual. This subject has grown in importance with the passing of years since the meeting of the last body until various vexing deviations have become notice-able throughout the Grand Chapters. These deviations will require special action, and it is the intention of the General Grand Chapter to establish uni-formity in the ritual and ceremonies. matters are never entirely made public matters are never entirely made public, but as there have been differences of opinion for over a year with regard to the insignia and their proper use—East-ern members asserting, indeed, that some Western States have not under-stood the purport of much of the Ma-sonic code—action has become impera-tive. All differences of view will be reconciled, and the convocation will ap-point a special commission to investigate and report. In the course of a few months all the deviations from orthodox Masonry which have displeased some of the brethren, who prefer regularity, will have become things of the past. COLVILLE, Wash., August 20 .- County

The final adjournment will take place on the 26th or 27th of this month. egates, and the usual banquet in the Masonic Temple will bring the exercises to a close. The next convocation does not meet until 1897, and its place may precipitate a struggle between the representatives of the East and the South.

THE FAIR ESTATE.

Charles Has Again Brought Suit to Re-

James G. Fair, began another effort in the probate department of the Superior Court to-day to secure \$1,000,000 of his mother's estate, the amount being the aggregate legacies of his deceased broth-latter have murdered a number of Boers and the superior that the superior the Kaffirs' advance, taking all their portable property, but large quantities of provisions and cattle have necessarily fallen into the hands of the Kaffirs. The er James and himself. Mrs. Fair left and their wives and children, and the \$500,000 to each of her sons, James to fiercest feelings of the Boers have been er James and himself. Mrs. rair left \$500,000 to each of her sons, James to receive his at 35 and Charles when 30 years old. It was provided that, in case either son died before attaining the age either son died before attaining the age coaches have been stopped, the passenger coaches have been stopped, the passenger will be a stopped. The Murchison road specified without wife or lawful children, his share would revert to his brother. James Fair died two years ago, when he was 30. Charles claimed his legacy, but both the Superior and Supreme Courts lecided that Charles must wait for James' legacy until such time as the lat-ter would have been 35 years of age. Since that decision Charles has married. The Campania's New Record.

New York, August 21.—The big Cunard greyhound Campania broke all previous Western records, arriving at Sandy Hook lightship at 5:45 f. m. to-half, and as his sisters cannot secure half, and as his sisters cannot secure either legacy now, there is no use in fighting to keep the money out of his been interesting themselves in the work hands longer. Mrs. Herman Oelrichs is now entitled to her share, amounting to \$1,500,000. Charles' new contest will These two officials have looked into the matter, and despite the sympathy of

American Ministers in Central American and will determine what is wanted, and the subsequent work of supplying these wants by the State will begin as soon as lice into one large nation. While Will Give Up the World.

LEAVENWORTH, Kan., Angust 20.—
Miss Helen Martin, daughter of United States Senator Martin of this State, entered a novitiate at St. Mary's Roman Catholic Academy here vesterday, intending to become a nun. She recently became a convert to the Catholic faith.

MONEY NOT SCARCE.

London, August 20.-Financiers this city, Berlin and other capitals of Europe are eagerly discussing the proposed Chinese loan. Inquiries made by a reporter at the office of Jardine, Math-GREAT GROWTH OF THE ORDER chants, and at the offices of the Hong Kong and Shanghai Banking Company show that the loan which the banking institutions of Berlin are said to be floating for China amounts to 10,000,000 taels, and not £10,000,000, as announced here and in Berlin. A tael is estimated TOPEKA, Kan., August 21 .- All eyes to be worth about one ounce and oneof the Free Masons of the country will third of silver or, roughly speaking, 6s corre be turned toward this city during this sterling, or \$1.40. About a month ago News gives in to-day's dispatches a week, beginning to-morrow. The occasion is one which occurs only once every three years—the Triennial Convocation of the General Grand Chapter of the United States. It is the Royal Arch Masons who will thus assemble, and as that degree is one to which the members of the sublime fraternity most aspire, the proceedings will have an interest and an importance commentary with the proceedings will have an interest and an importance commentary with the control of the sublime fraternity most aspire, the proceedings will have an interest and an importance commentary with the control of the sublime fraternity most aspire, the proceedings will have an interest and an importance commentary with the control of the sublime fraternity most aspire, the proceedings will have an interest and an importance commentation of the control of the sublime fraternity most aspire, the proceedings will have an interest and an importance commentation. saying there was no immediate necessity for the loan, as China had plenty to go

Later, however, it became known that, in the name and by the authority of the 160,000 Royal Arch Masons whom they represent and the innumerable others who in time will be promoted to the degree.

All the Past Grand High Priests will take part at the Topeka gathering. In addition to them there will be a representation of every Grand Chapter in the Republic, comprising the three council officers of every one of them. This council does not meet frequently, and as such a concourse of Masonic dignity is not witnessed oftener than once every three years, the interest of the fraternity in it may be understood.

The State of Maryland will have the honor of sending the most exalted member of the convocation, Captain George L. McCahan, who, in addition to being the Deputy General, acts as Genera Grand High Priest, and in that capacity will preside over the deliberations of the assembly. Ohio is represented by General Grand High King Reuben C. Lemmon, a Mason whose name is almost a honsehold word in the fraternity mem-

MONEY FROM THE COAST. San Francisco, August 20 .- The war former country, but Japan seems to have taken the lion's share on this occasion.

JAPAN ALSO MAKING A LOAN. LONDON, August 20 .- A Shanghai dis-Japanese government has promised Brit-ish Admiral Fremantle to give forty-Foo. The eight vessels that passed Chee Foo, westward bound, August 14 were the Chinese fleet, which was fleeing from the Japanese cruisers. The fleet went to Lui Kung Tao, where it has been left undisturbed by the Japanese.

THE KOW SHUNG INVESTIGATION. The finding of the court in the official nvestigation at Shanghai of the sinkng of the Kow Shung is that the steam-Kow Shung was sunk on July 25 by a apanese naval vessel. The captain and flicers of the Kow Shung showed great coolness, and deserved high praise.

Torpedoes will be laid at the entrance of Tokio and Nagasaki harbors.

BOERS AND KAFFIRS.

The Rebellion of the Latter Assuming

PETRORIA, South Africa, August 21. The rebellion of the Kaffirs is assuming an alarming condition. The Transvaal tempting to relieve the garrison at Agatha has been repulsed with serious loss. Emboldened by their success, the Kaffirs pursued the retreating troops and attacked the main column of the Boer forces. The Kaffirs were driven back, but the advance of the column was retarded. From the Boer settlements all along the Letaha river come reports of severe fighting between isolated parties of retreating Boers and Kaffirs who are burning Boer homesteads all along but, if the war were to last a long time. Emboldened by their success, the Kaffirs cover His Share.

San Francisco, August 21.—Charles

Fair, the surviving son of ex-Senator

Fair, the surviving son of ex-Senator and mules stolen. The Murchison road is entirely closed. The Kaffirs are reported having erected strong barricades tween two hills, and they are said to have prepared to defend an attack. The government is reinforcing its troops as rapidly as possible, and it is expected an advance in force will be made upon

OMARA, August 18 .- Labor Commisprobably tie up the property for another year.

Not Thought to be Practicable.

These two obtains have nodes into the matter, and despite the sympathy of Western papers that have suggested outside help they are impressed with the ability of being able to take care of them-

BRAVE JAPANESE.

Their Torpedo Boats Enter the Harbor of Wei-Hai-Wei.

the bill sem compared and ver the following paragraph in the following para

the Japanese are preparing for a combined land and sea attack on the stronghold. The garrison has been increased
to meet such an attack, and heavy guns
are being added to the artillery in the
interior line of defenses.

The foreigners who are employed in
the Vei-Hai-Wei arsenal are leaving the
place. Nearly all of the Englishmen
and Scotchmen have gone, and within a
few days only natives are likely to be
lett in the shops. The feeling against
foreigners is running high among the
military of the city. The soldiers have
fired several times upon foreigners who
were leaving the ships, and have been
checked only with difficulty by their officers. All the foreigners are reproached
and insulted as they depart. None of
them have been wounded yet, but their
escape has been due solely to the strenuous efforts of the officers who have been
charged with responsibility for their charged with responsibility for their safety. The main Japanese squadron has be neighted again in the gulf of Pe-Chi-Li. The natives of the seaports have been forbidden to use Japanese

appointed Minister to the United States, is here on his way to Washinton. He arrived on the steamer China. He is between China and Japan seems to be drawing considerable money from Calinot one of those who considers the quar-The City of Peking, which sailed rel between the nations as a matter o China and \$205,800 for Japan. Usually the big shipments of money go to the ns to have rector of political affairs in the foreign office before he took his present position his opinion has weight. He told th

"In regard to the Chinese forces the north fleet is good, and probably some of the scattering fleets are fairly competent to make a fight, but so far as the training is concerned I consider the Japanese far superior. Our general facilities for fighting are also far better. The trol over its navy. It is scattered, and the naval control is local. The south squadron has no discipline. The north squadron has some little training and discipline, but the whole navy is un-tried."

The Minister's attention was called to a recent cablegram in which it was stated that the Chinese were offering large special prizes for the destruction of Japanese naval vessels, for the heads of prominent Japanese officers, and were even offering bounties for the heads of Japaneses soldiers. He said in regard thereto:

"I have not seen this cablegram, but it would be just like the Chinese. I am informed they placed restrictions on the movements of some of our Ambassadors in China. In Japan imperial decrees have been issued for the protection of the Chinese. Japan is practically fighting to preserve the peace of the East. The balance of power is as much a factor in Oriental politics as in European affairs, and the autonomy of Corea is in-The Minister's attention was called to

fairs, and the autonomy of Corea i sisted on by Japan to preserve that bal-ance of power. We are not giving any advantage to Russia, and that is why England is now neutral. Had Japan and but, if the war were to last a long time undoubtedly we would have to draw

Mikado's Army.

Los Angeles, August 19.-The nese and Japanese colonies here have been greatly stirred up lately by the presence of a mysterious white man who noves secretly and to those he has confidence in exhibits credentials from the Japanese War Department authorizing him to make contracts with persons or corporations in the name of Japan. It is learned that his purpose is to enlist 1,000 sturdy Americans, men who have of fighting Chinese. This emissary has made contracts with the steamship companies for the transportation of his men. He offers \$20 a month to the men who can pass the physical examination, and promises them the best of rations and accommodations. The prospect of looting some Chinese Mandarin's palaces is not the least of the prospects which daze those adventurously-inclined young men who are flocking to the support of the chrysanthemum dynasty, and as far as can be learned the regiment will soon be completed. The men will be armed with the latest pattern of military riffes,

CHICAGO, August 20.—The movement of the whisky trust to take as much as possible of its product out of bond before the new tariff law, with the increased tax on spirits, goes in effect was extended to Chicago to-day. Within the next twenty-four hours, unless the trust changes its mind, not less than 40,000 barrels of whisky will be taken out of bond here and the tax paid.

INTERNAL REVENUE FORCE BUSY. Los A-green, August 20.—The internal revenue force of this city is kept busy receiving the tax on brandy now in bond, in order that it may be released before the new tariff and internal revenue law goes into effect. There are about 100,000 gallons in bond in Los Angeles, and it is estimated that between 20,000 and 30,000 gallons will be released.

ENGLAND ALREADY BENEFITED. LONDON, August 20.—The Dally News in its financial article says there has been great activity in all the markets since the passage of the American tariff bill. Metal, copper and tin are especially active in anticipation of a large American demand for tin plates. LOUISIANA'S PRINCIPAL PRODUCT.

New Orleans, August 20.—The passage of the tariff bill has thrown a damper on commercial dealings in New Orleans. At least two-thirds of her population look to the sugar industry for support, and any legislation unfavorable to sugar has a decidedly bad effect on all other commerce out of sympathy for Louisiana's principal product. The Sugar Exchange yesterday was in a turmoil, the mem-bers declaring that the industry would be ruined by the bill.

Oakland, Cal., August 21.—A peculiar need of making Oakland a subport of entry and establishing a branch customhouse here with an adequate force of inspectors is revealed in a story of opiumsmuggling that is told by a local Chinaman. Gee Dong, a laundryman, who owns real estate in Fruitdale, and is a prominent member of the Chinese colony in this city, is authority for the statement that opium is regularly and systematically smuggled into Oakland from British Columbia, and that most of it is reshipped from here to San Francisco. According to Gee Dong, the way that the saturglers operate is to bring the opium in the coal-laden ships tuat come to Oakland to discharge portions of their cargoes after most of the coal has been unloaded at San Francisco. Engaged in this local coal trade are the Yosemite, the Renyles and the Laure Walsh.

1. Utilize the place in front of the cow stable or the pit, provided it is level enough; otherwise select one as near as near as pound; cabsage, \$1.60 per cate, \$1.00 per dozen; parsley, 40c per dozen; string and wax beans, 1½@2c per pound; per dozen; parsley, 40c per dozen; string and wax beans, 1½@2c per pound; cateumbers, feet, make the longitudinal sides steep and out rather sloping.

3. Stake off the four corners so that the pit will be about four-fifths of the ength of the stable and one-half the will be about four-fifths of the ength of its own length.

4. Level the bottom of the pit temporarily.

5. Select a place for a cesspool for the reception of the urine and liquid manure.

6. Dig the cesspool from six to eight feet deep, and give the bottom of the pit with a gutter to prevent the surface drainage running the seedlings, \$3.00@3.25; pineapples, Honoidul, \$4.00@3.50; gagar load, \$4.50 per dozen; \$4.50 per
