

EVENTS OF THE WEEK.

ELECTRICAL MACHINERY.—Twenty carloads of electrical machinery for the new power station of the Portland General Electric Company at Oregon City and their new distributing station on Alder street in Portland have arrived by special train direct from Lynn, Mass. Among the machinery are two very large marble switchboards, which, with their fittings, are beautiful pieces of electrical apparatus. The huge rotary transformers for the distributing station are also something unusual in the line of electrical machinery. When the plant is up and ready the works will be well worthy of a visit, for it must be remembered that this is the greatest electrical plant in the United States, excepting that at Niagara falls.

SALVATION ARMY WORK.—To-night (Thursday) Major Morton, commander of the North Pacific division of the Salvation Army, Mrs. Morton, Capt. Schultz, Capt. Lincoln, Lieut. Ward and others will be here. Greeting music and singing. Mrs. Morton will speak on the "Slum and Rescue Work of Salvation Army." Admission 10 cents; proceeds go towards the new rescue home.

LOCAL NEWS ITEMS. Miss Della Dutcher is down with the rheumatism. John Green is clerking in J. A. Buck's grocery store.
