Domestic Happiness

Is to no small extent centered in the kitchen. Make the source of the food-supply what it ought to be, and the euply what it ough' to be, and the domestic skies are far less apt to be cloudy. Is fact you can't bring your your kitchen up to the standard without looking over our stock of ranges and cooking utensils. Our stoves are the Eureka of the housekeepers, as they are unequalled for baking and other pur-poses. Pots, kettles and pans consti-ute the weapons of cookery and the poses.
