OREGON CITY, DEC. 7, 1894.

What is coming up—the silly stuff. Hasn't it sense enough to know that the democrats are in full control yet, and will be for months to come?—Dispatch.

The Sun is doing up the Oregonian on the free coinage question. Not that Mr. Scott is not an able writer and a good logician, but because the Sun has the right side of the question. It is always a difficult job to make bad appear the better cause—Salem Independent.

Articles have been filed with the secretary of state, incorporating a railroad from Oregon City to Willits Springs. As a road could be built from Barlow to Willits for about one-half the cost and traverse a much better country, it is safe to predict that the Oregon City scheme will never materialize.—Barlow Three Sisters.

How G. O. Rinearson, a republican member of the legislature from Clackamas county, informed an Ashland paper last week that there will be a real and spirited contest in the legislature. He does not believe that senator Dolph will be able to muster votes enough to secure a re-election on the first ballot.

On Tuesday November 6, the republicans carried Hamilton county, Ohio, by a majority of 22,000. At a special election held on Tuesday, November 13, just one week later they lost by 3,000, a change of over 25,000 votes. This is modern politics, and politicians of the old school of partisan prejudice will do well to realize its meaning.

The following call for a meeting of the state executive committee of the people's party was issued from their headquarters at Harrisburg last week: "There will be a meeting of the state executive committee of the people's party at Salem, Or., on Saturday, December 8, at the hour of 10 o'clock a. m. We have had time to consider; we will now act. W. H. SPAHR, Chairman People's Party State Executive Committee."

The republicans are indicating, for the consolation of their Louisiana recruits, that they will at least pay the sugar bounty of about \$25,000,000 for this year. As this will have to be raised by taxation, a share of which every bushel of wheat and every pound of cotton will be compelled to bear, the republicans will evidently expect to proceed on the theory that the wheat and cotton growers are still as blind fools as the protectionists have always assumed them to be.

The Southern Pacific on the first of this month began a wholesale reduction of salaries. The cut will be felt in every department, and by practically every employe from the highest to the lowest. The heads of departments are likely to suffer with their subordinates, for it is impossible to tell to what extent the company may be driven by necessity. The company has reduced its forces a great deal all over the system and will reduce them more wherever it is possible to do so. By the first of the year the salary of nearly every man in the service of the company will have been reduced.

The Baltimore Sun sends a remarkable article under the caption of "A Year of Record Breaking" with this exultant paragraph: "We may, as we look over all that has been done on land and sea in lower, the racing records, alike in men, horses and ships, feel that we are indeed the heirs of all the ages in the foremost file of time! We have faster runners, stouter swimmers, surer marksmen, better oarsmen and yachtsmen, finer horsemen, than were ever known to the Europe of former times or the Athens of Homer's days." In spite of the croakers, mankind is progressing and the millennium is not in the dim past but on the brilliant horizon of the future!

The public-spirited New York bankers who nobly volunteered to help the government out of its financial difficulties by taking up the new loan are making a pretty good thing out of their patriotism. They subscribed for the loan at 117.07, were awarded the entire \$50,000,000 worth at that figure and have already sold \$5,000,000 of their bonds at 119. They now announce that the price until further notice will be 119 1/2. If they can dispose of the entire \$50,000,000 worth at an average profit of 2 per cent., which appears to be an underestimate, they can clean up a million dollars on the deal. This is an easy way to raise money, and the beauty of it is that it can be so easily repeated. All the bankers will be glad to do it to be present \$300,000 or \$400,000,000 in greenbacks to the treasury for redemption in gold, offer to take up another loan to repair the depleted reserve, and keep on working the operation until there are no more greenbacks to be had.

Marvelous Results. From a letter written by Ber. J. Gunderman of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Silver Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little intermission and it seemed as she could not survive them. A friend recommended Dr. King's New Discovery. It was quick in its work and highly satisfactory in results." Trial bottles free at Charman & Co.'s Drug Store, Charman Bros. Block, Register sale No. 81.

LOGAN.

Logan, Nov. 30.—Miss Hampton gave a lively entertainment in school district No. 94 Saturday night, for all it was such a rainy night.

The A. P. A. order organized a branch in Tracy's hall last Wednesday night, Mr. Lewis of Portland officiating. Every young dancer in this vicinity was present at the Thanksgiving ball at Mr. Linn's which was a grand success.

The Corkscrew Dramatic Club is preparing to give an entertainment in Tracy's hall some time in the near future.

H. Babler is still building. He built him a convenient wood shed recently.

Most of the farmers are through plowing in this vicinity for this fall.

The debate was well attended last Saturday night and a good discussion ensued. The literary program was excellent and it showed the interest taken to advance the literary work in this neighborhood.

Robert Gintner has organized a very good night school in school district No. 4 and has a large attendance.

I see the home-comfort-wrought-iron stove agent is around here collecting money for stoves sold on time, and the farmers that were "hood-winked" into buying them have to "dig up."

Harding's Grange will have a call meeting Saturday to initiate five new members. That shows that this Grange is still on the growing list.

J. M. Tracy bought a fine span of colts last week. X. Y. Z.

FROG POND.

Undoubtedly the most sensational wedding that has been the good fortune of the residents of this peaceable and quiet little hamlet to witness, took place at the residence of the bride's parents last Thursday, when Miss Ella H. Turner, the acknowledged belle of the neighborhood, and Mr. John Seeding, a well to do and handsome young Canadian, joined hands, with the assistance of Justice Neise McConnell, were launched on the blissful sea of matrimonial content. Never before did the bride look as pretty as she did on that eventful day; her dress, the color of which was old rose, trimmed with silk and braid, was faultless to a point; she also wore a bridal veil, which gave her the appearance of the queen of the women. The groom, too, was at his best, dressed in a suit of conventional black and the peaceful and satisfied expression which adorned his features, evoked even the envy of your correspondent who, by the way, falls far short of having any matrimonial inclinations whatever. Miss Susie Turner was the bride's maid and Mike Gross, with his pleasant ways, becoming features and winning smiles, did the honors of best man. Those present were Mr. and Mrs. T. L. Turner (parents of the bride); Mr. and Mrs. John Kruse, Mr. and Mrs. J. A. Turner, Mr. and Mrs. E. R. Seely of Woodburn, Mr. and Mrs. Fred Ellington, Mrs. Sharp, Mrs. Lettie Toose; Misses Anarota, Kate and Melinda Sharp, Rosa Wagner, Susie Turner, Ella and Lena Ellington; Messrs. John Albert, Herbert, Chas. and Smith Turner, F. M. Kruse, Walter and O. P. Sharp, Arthur Turner, Henry Ellington and John Tyler. The presents to the young couple were, generally speaking, both numerous and costly, the most noteworthy of which were from T. L. Turner and wife, a bed room set; Hon. John Kruse and wife, a rocking chair and cushion; Miss Rosa Wagner, an elegant nickel hand lamp; J. A. Turner and wife, castor and glassware set; John Turner, set silverware; Fred Ellington and wife, salad bowl; E. R. Seely and wife, cake stand; F. M. Kruse, lemonade set; Lena Ellington, castor tins; Ella Ellington, flower vase; Susie Turner, set of cups and saucers; and Messrs. Meier & Frank, a bed spread. In the evening the young folks gave a dance to which everybody was invited, and they did justice to the occasion by tripping the light fantastic till daylight. That success and prosperity may attend the young couple is the earnest wish of a Frog.

Can War be Abolished?

One of the interesting features of the December Arena is a symposium which discusses war and peace. The writers advocate the principles of the Peace Society and claim that the world has reached a plane of civilization at which all domestic and international disputes can be settled by arbitration.

SIGNAL TRIUMPHS WON.

By Dr. Price's Cream Baking Powder. Two signal triumphs have been achieved by Dr. Price's Cream Baking Powder. First it received Highest Award and Diploma at the World's Columbian Exposition of 1893. Next he secured Highest Award and Gold Medal at the California Midwinter Fair of 1894. At both Fairs it surpassed all competitors in every respect. The award, in each instance, was for strongest leavening power, perfect purity and general excellence. It was sustained by the unanimous vote of the judges.

The victory at Chicago establishes the supremacy of Dr. Price's as "The Foremost Baking Powder in the World." The triumph at San Francisco confirms and emphasizes it.
