Niobraska Must be Helped.

Niobraska, Neb., December 25.—The suffering among the inhalitants of the cluding three-fourths of the residents of five counties, is becoming more intense daily, and immediate steps alone can prevent many deaths by starvation. Three years ago the farmers of these drought-blighted counties raised a very light crop, and the last two years the crops have been almost total failures. Many families have not enough provisions in their homes for one week's sustenance and no money with which to purchase the necessities of life.
