THE TONG HAK INSUBRECTION. LONDON, JANUARY 15.—The Tokio cor-respondent of the Central News says: In a dispatch from Fusan Captain Ta-kubakan yesterday reported that the Tong Hak insurrection in Junt Sen Do has been suppressed. A captured spy declared that the insurgents would prove the sincerity of their surrender by be-heading their principal chiefs and forty others. The Captain and the Corean authorities examined the Tong Hak prisoners, who declared that divisions had occurred among them, when the Japanese sailors and Corean soldiers at-tacked them and completely terrified them. all that was said in the debate. The Social Democrats have revived from the inactivity of previous weeks, and have mobilized all their forces against the bill. Friday evening they held meetings to protest in every district of Berlin. Ig-nase Auer, August Betel, Paul Singer, William Leibknecht and several other Deputies made speeches. Most of them seemed to expect defeat. They warned their adherents to prepare for the era of repression to be inaugurated upon the passage of the bill. They advised all to destroy all letters, lists, accounts of pro-

He congratulated Chancellor Prince Hohen-lohe, and commended highly General Bosart von Scheelendorif's aggressive speech. His Majesty is said to have heard with his own ears how his War Minister defied and reproached the So-cialists. He is supposed to have sat in the recess of the imperial box, where nusseen by the members he could hear all that was said in the debate. The Social Democrats have revived from the

Dr. Dille compared the government of a Republic to a pyramid, saying: "Only two things can reach the top— the eagle and the lizard—and in city af-fairs it is the reptile that gets there, leaving his slimy trail behind. All the gamblers and all the vicious are saying: "We've found our Moses. We've got San Francisco and a fence around it, and our Moses to lead us into it." Dr. C. O. Brow's message to an Gov. Mr. Parker said: "I cannot at present speak officially, but I am sure that of the dates given, September 12 and September 21, that committee would prefer September 12, for the university members of the team are obliged to go back to their studies at the opening of the term in October. Twelve letters which I have received to-day have confirmed our previous belief that the meeting in May would be im-possible. But something has to give way in order to arrange for the interna-tional meeting, and the London Club's antumn meeting, September 28, there-fore, will probably be abandoned. The London Athletic Club will send a team from within the limits of its own mem-bership, and will make the best fight possible. The greatest interest is taken "I cannot at present speak officially, but I am sure that of the dates given, September 12 and September 21, the committee would prefer September 12, for the university members of the team this has become a government of the worst, by the worst and for the worst. worst, by the worst and for the worst. You have done this to please the liquor men and the gamblers. They have put their brand on you, and you are their man. The mark you have put on your-self is indelible. There is an immortal-ity of infamy. From this hour Govern-or Markham stands convicted as a man who seeks the approval of the dregs of society. He has thrown a mantle of shame over the closing hours of a wrecked administration." One leading sentiment ran through all the speeches: "We want a new char-ter." When Dr. Brown was called to the platform he said: London Athletic Club will send a team from within the limits of its own mem-bership, and will make the best fight possible. The greatest interest is taken in the match among members of the club, and the opinion is that too long a period has elapsed without an interna-tional contest." the platform he said: "Good will come of the Gunst ap-pointment.
