OREGON CITY, JAN. 18, 1895.

PRESIDENT John McBride took occasion to say in his inaugural address that he believed organized labor would go into politics and nominate a candidate for the presidency in 1896. This is proof that Mr. McBride intends to use the organization to further his own ambition in the political field.

Congressman Money, of Mississippi, has introduced a bill to increase the tax expresses confidence in early and favorable committee action. Another bill is to be introduced shortly increasing the tax on manufactured tobacco from 6 cents to 10 cents per pound.

THE county court (Judge Hayes dissenting) has refused to pay the bill of Sheriff Maddock for actual expenses incurred by him in going out to Wilhoit to try to ferret the murderer of James M. Brown, who was murdered in such a cold-blooded maner about two weeks ago. It was the opinion of the commissioners that he should pay his own actual expenses (not mileage) out of his salary. In this case his salary for the day he spent in the country was \$5.50, and his actual expenses were \$6.50. If the sheriff does not look after the criminals who will do it? The residents of that locality want detectives sent out to investigate. Detectives cost \$8 per day. Can the sheriff afford to pay this. In addition to the \$300 reward offerd by the county, private subscriptions have raised the amount
