

OREGON

THE RAW MATERIAL
of furniture comes from the forest. It is the log that supplies the means of making homes pleasant. The best lumber obtainable on the western hemisphere is used in manufacturing our furniture. What it's made of and the way it's made are the two great points in our magnificent furniture exhibit. Our parlor and bedroom suites are art studies in wood. Every piece is a creation, an example of novelty, a monument of cheapness. Not the price, but the value makes our goods cheap. It's as plain as the multiplication table that nothing can be better nor priced lower than our \$10 parlor set and our \$1.25 center table.

SESSION IS ENDED

The Fifty-Third Congress Accomplished But Little.

BRIEF REVIEW OF ITS WORK

The Most Notable Feature of the Session Was the Inability of the Two Houses to Agree Upon Important Questions Which Should Have Been Decided.

WASHINGTON, March 5.—A review of the work of the last session of the fifty-third congress must necessarily deal more with what was attempted to be done than with what was accomplished, since most of the important business considered has been regarded as the first class. The session has been particularly marked by the inability of the senate and house to agree upon any of the most important problems presented by them.

CONSTITUTIONAL IN DANGER. Those of the American Board Suspected of Insurgent Designs.

CONSTANTINOPLE, March 5.—The situation of the missionaries of the American board residing at Amarah is critical. Two of them are British subjects.

NEBRASKA'S FARMERS. Five States Will Contribute Seeds for the Drought-Stricken.

OMAHA, March 5.—The members of the state relief commission, who went to Chicago and St. Louis to secure seed grain for Nebraska's destitute farmers, returned today. The boards of trade in both cities promise to have each city contribute a car of seed grain.

TELEGRAPHERS ORGANIZE. New York, March 5.—A number of telegraph operators of this city met at Clarendon hall to-day and organized the American Telegraph Union.

THE POSTOFFICE DEPARTMENT. WASHINGTON, March 5.—When Postmaster-General Bissell retired from office he will have nearly cleared up the presidential-postmaster donkey. At present there are about thirty offices to be filled before the end of the year.

A MOST COMPLETE FIDELITY. CHICAGO, March 5.—Percy G. Chamberlain, a retired captain of the British army, shot and killed himself in his home yesterday. He left a letter addressed "To the coroner or to whomsoever it concerns," in which he said he had no other motive for the act than "a most complete fidelity."

THE COURT HAS NO JURISDICTION. SAN FRANCISCO, March 5.—The case of Fred G. Hall, the variety actor charged with grand larceny by Charles Beckman, a recent arrival from Victoria, B. C., has been dismissed on motion of the prosecuting attorney on the ground that the court had no jurisdiction.

THE NORTH SEA CANAL.

Its Opening to Be Made a Notable Event by Germany.

BERLIN, March 5.—The fleet attending the opening of the North sea and Baltic canal will begin at Hamburg July 17. The emperor and his suite will be present. The formal opening will take place at Kiel the 18th, when the fleet of the entrance to the canal will include fifty-eight German warships and torpedo boats, five Austrian warships, under the Archduke Carl Stefan; five Italian, four Spanish, two French, two Russian, three Turkish, and a number of English and Scandinavian vessels.

HAWAII'S EX-QUEEN.

It is a Question Whether She Will Be Pardoned or Punished.

SAN FRANCISCO, March 5.—Special correspondence from Hawaii says that the president is reported to be wavering between granting the ex-queen her full pardon or letting the sentence stand. It is common talk that Mrs. Dole is interceding for the ex-queen. Indeed, the feeling against the ex-royal lady has decreased so that it is the general hope in the city that she will be pardoned, not because she is not guilty, but on account of her age, ill health, previous misfortunes, and further because she is the only woman mixed up in the affair.
