AN OLD TIME BOAT - The Hoosier, one of our old time boats was built at Salem, says the Independent, entering in the early fifties by several enterprising men. At that time freights were excessively large between Salem and Oregon City, as high as \$10 per ton. They built the hull of this boat at Salem and secured a load for points below using her as a keel boat, that is, propelled by oars and poles. After reaching Canemah, just above the falls, her machinery was put in and christened. The Hoosier was a small boat of about 15 tons, resembling the Baby recently built at Eugene City with the exception of being a side wheeler as nearly all our first boats were. She was commanded by Captain White, who in after years was in charge of many boats on this route. The building of larger boats made rates correspondingly lower. Combined with her being cheaply constructed, necessarily being short lived, the Hoosier soon went the way of all boats and only exists in the memory of our old timers. Her home was on the river about 300 yards above the locks on the west side. Being made of live oak, she is undoubtedly in a good state of preservation. It would be a valuable find should one be able to raise it to the surface. Captain Miles Bell, now of the Molok, was at one time one of the crew of this old craft, he being now the last one of the old timers of the fifties that still can be found alive.

GRANGE MEETING - A county grange convention was held in the courthouse on Monday. Twenty-nine delegates were present, representing all but one of the 13 ranges of the county. John Skirvin, of Marquam, was made chairman, and S. C. Young, of Damascus, secretary. The chief business of the convention was to choose delegates to the state convention, which is to meet in this city May 28. The following named delegates were elected: Mr. and Mrs. Charles T. Howard, of Millino; Mr. and Mrs. J. L. Kruse, of Wilsonville; Mr. and Mrs. A. V. Davis, of Marquam; Mr. and Mrs. A. Lewelling, of Milwaukie. The alternates are Mr. and Mrs. A. J. Sawtell, of Molalla; Mr. and Mrs. T. L. Turner, of Tualatin; and Mr. and Mrs. S. C. Young, of Damascus; Mr. and Mrs. Louis Funk, of Harding. Afterward there was some fraternal discussion on the project of establishing a cooperative supply house in Oregon City. The question of employing convict labor in general road building was also discussed.

CHURCH V. TCHARNIG AND ROSS - The judgment of the lower courts was reversed on Tuesday in the supreme court in case of H. E. Cross, respondent, vs. Kasper Tcharnig et al, appellants. This decision sustains a demurrer which was overruled in the circuit court and the effect is to deny the right of mechanics lien where the erection, repairs or alterations of a building are done at the instance of some other person than the owner of the premises or his agent. While the person obtaining the materials in this case is an occupant of the premises, there was nothing to show that he had the work done for or at the instance of the owner, hence the ground for a mechanics lien was held insufficient.

OREGON'S GOVERNORS - Following is a complete list of Oregon's governors of all kinds: Provisional governor, George Abernethy; 1st territorial governor, Joseph Lane; 2nd, John P. Gaines; 3rd, Joseph Lane, who qualified and resigned; 4th, Geo. L. Curry, by virtue of office as secretary; 5th John W. Davis, qualified and resigned; 6th, Geo. L. Curry, as secretary, and later appointed; 1st governor of the state, John Whitaker; 2nd, Addison C. Gibbs; 3rd, George L. Woods; 4th, L. F. Grover; 5th, S. F. Chadwick, as secretary of state; 6th, W. W. Thayer; 7th, Z. L. Moody; 8th, S. Penneyer; 9th, W. P. Lord.

PROBATE MATTERS - Petition of Marietta Pratt, administratrix of estate of Jacob P. Miller, for sale of real estate granted and April 15th set as day of sale of the property which is situated in Milwaukie. Frank J. Habelt appointed administrator of estate of Nicholas Classen. Final report of L. G. Burnett administrator of estate of George T. Millmore, filed and administrator discharged. W. W. Dickenson appointed administrator of estate of J. M. Brown. May 6th set as day of final settlement for W. B. Pope, administrator of estate of Sarah E. Pope.

CONVICTS WILL WALK HOME - A law was enacted by the legislature of 1892, which provided that the superintendent of the penitentiary shall pay to each convict on his discharge \$5 in money and furnish him with a \$15 suit of clothes, and shall procure transportation for said convict to the place where he was convicted or to a place of equal distance, to be a lect by the convict. The legislature just passed failed to re-enact this law and now the convict will have to leave the place penniless and ragged, and walk.

THE NEW LAW - The new Butler law provides that hereafter on filing a complaint in the circuit court that the plaintiff must pay the sum of \$5 to the clerk, if the amount involved is under \$500; if over \$500 the fee will be \$10. In probate court the party filing a depository answer or motion, shall pay \$5. The trial fee in circuit court will hereafter be only \$2. This is an outrage on the taxpayer. The present fee, \$12, is small enough.

Awarded Highest Honors - World's Fair. DR. PRICE'S CREAM BAKING POWDER MOST PERFECT MADE. A pure Grape Cream of Tartar Powder. Free from Ammonia, Alum or any other adulterant. 40 YEARS THE STANDARD.

SUICIDE - Edward McDonald, who has been employed in S. A. Moore's cigar store for some time, committed suicide by shooting himself through the heart in Portland on Friday at 6:15 a. m. Dependence, brought on by an uncontrollable desire for drink, is no doubt the cause of him taking his own life, as he preferred death to disgrace. He refused to be taken to the hospital, but in a despondent mood. He was about 27 years of age and leaves a widowed mother, three sisters and a half brother. The funeral service, which was not public, was held from his mother's residence on Thursday at one o'clock. Eight Red Men, of which he was a member, acted as pall bearers. Edward was well-known here and had a large circle of friends which mourn his loss. He had taken the pledge some time ago and kept it for some time, until he got a taste of liquor in some medicine he took, when he began drinking again.

THE MOLALLA ROAD - The electric road between this place and Willott will no doubt be a "go" if the people want it, but they will have to put up a liberal subsidy. The money for building the road has been secured, providing the necessary encouragement in the way of a subsidy can be secured. Property owners along the line of road should subscribe liberally in the shape of land. The fact that one acre with a road adjacent is worth two with no road at all should not be forgotten, neither should you think the road will come anyway, i. e., whether you subscribe or not, for it will not. No railroad was ever built unless someone "put up." Farmers, don't be backward, if you want a road lend assistance, or you will have no road. A preliminary line will probably be run next week.

ST. PATRICK ENTERTAINMENT - An entertainment, consisting of recitations and songs will be given at St. John's schoolhouse on Monday evening. A charity raffle of a beautiful shirt will also be held for the benefit of a poor family. A necktie social and supper tickets will be 25 cents each or 50 cents per couple; admission to entertainment 10 cents. Proceeds of social are for benefit of school.

SCHOOLS - E. C. Hackett and Miss Sade Chase began a term of school in Canemah on Monday. Neal Stupp, former teacher at Canemah, will teach school in Clatsop county this year. H. F. Gibson last week began a term of school in George district No. 57. A. C. Strange begins school Monday in the Milk district. Miss Ella Knight on Monday began a term in district No. 18, east of Canby.

BURNED TO DEATH - The 3 year old daughter of Mr. and Mrs. Robert Coe, of Damascus, was burned to death Saturday. Mr. Coe was engaged in clearing land near the house, and had fires to prove the brush. The child toddled out toward her father, fell in a fire, and was so severely burned that she died in an hour.

CHOWS CO'S MILLS - Dan Lyons is working a force of 20 men and a steam drill in excavating for the foundation of the two new Crown paper and pulp mills and in digging a tail race about 300 feet long, 35 feet deep and 16 feet wide from the canal to the river.

Hawley returned last week from a five weeks' trip in the East. Mr. Schwabacher of the Crown Paper Co. arrived from California Wednesday morning. R. Morton, Mr. Gardner and E. H. Burskard of Damascus were in town this week. Mr. L. Rugg officiated at the Sanford-Litchfield wedding in Salem last week. Graham, of that place. Mrs. R. Baird is visiting her daughter, Mrs. A. S. Dresser, this week. Mrs. Dresser has just returned from a visit to McMinnville. Mrs. Mary Conyers left on last Saturday evening for San Jose and Oakland, Cal., where she will spend a couple of weeks with friends. Mrs. Bonnett of Milwaukie spent last Thursday with her daughter, Mrs. T. L. Charman, and was given a pleasant surprise by a number of her friends being invited to dine with her. It was one of the merriest gatherings of the season. Millard Lee of Canby was in town Tuesday giving the young folks a treat to a ride on his tandem bicycle. The bicycle craze has struck Oregon City. Not only the boys and girls, but middle aged people are effected by it. Main street is a fine practice track. Go to Wilson & Cooke for farm implements - the best is the cheapest. Ripans Fabrics cure biliousness. Ripans Tablets - for sour stomach.

"REPEATER" BRADBURY - Considerable trouble has been experienced by the police in trying to get J. H. Bradbury, the colored man wanted in Missouri for a series of election faults. First he was arrested by constable B. J. of Kansas City and taken to this county until the Missouri papers arrived and from here he was arrested by Detective Welch of Portland. This caused the officers to be arrested in Oregon City on a charge of kidnapping him and in Portland on a charge of depriving him (Bradbury) of liberty. The case was settled on Wednesday in Portland and Bradbury started for home Bradbury's offense consists of registering and voting a gang of 93 men eight to ten times each. The penalty for the offense is five years and if he is convicted of all charges he will have to serve about 3000 years.

ASSESSING AND TAKING CENSUS - Assessor J. C. Bradley has the following deputies taking the census in connection with assessing: R. N. Bradley of Pleasant Home, E. E. Judd of Marquam, J. F. Nelson of Molalla and S. J. Garrison of Canby. In this city Assessor Bradley will first take the assessment and afterwards take the census because the taking of both at once would conflict somewhat, but in the country the two can be done together easier on account of the population being less and the distance between residences greater. Some of more thickly settled district will probably be taken separate.

NEW ELECTRIC HOTEL - The Electric hotel has been refurbished throughout and under the new management of W. M. Robinson offers superior inducement to tourists and the traveling public. The house is first class in every respect, has steam heat and electric lights in every room, bath and a large sample room for commercial men. The table is supplied with the best that the market affords.

MOLALLA.

Owing to the fine weather of the past few weeks nearly all the farmers in this locality are through plowing and some have finished seeding. Gardening is now the order of the day.

Mr. Gibson is going to Eastern Oregon, at or near Antelope, in Wasco county. He expects to make that his home for a while at least.

Our school is to commence in a short time. H. A. Hovis is principal and O. D. Eby assistant. At our last school meeting it was considered that there were too many scholars for one teacher to manage so they were divided and two teachers employed. Prof. Hovis will hold forth in the Noyer hall. Dividing the school is thought by many to be a move in the right direction. It has been an evident fact for the past several years that there were too many scholars for one teacher to teach and do justice to all. It is to be hoped that it will prove a success and we will have a good school.

Perry Kayler and Frank Bauman are talking of going to Bunch Grass. Albert Groshog was visiting here recently, after an absence of two years. He returns to Eastern Oregon about the first of April. Oliver Robbins is on the sick list. He is afflicted with rheumatism and has been complaining for some time. Dr. Weaver of Hubbard was called to see him last Sunday. Grandma Ogle, who has been very sick for the past few days, is now recovering. There have been several cases of la grippe in this vicinity recently.

Capt. J. N. King, who formerly lived near here, starts east about the 1st of May. He expects to visit relatives in Illinois and Missouri and will go to Chicago to have his eyes operated upon. The captain had the misfortune to lose his wife this last winter, and is now almost blind.

People here generally are well satisfied with the new change in our game law in regard to hunting deer. Game here in the mountains have been "dogged" so much that it has become almost impossible to kill a deer without first running it down, or at least to water.

Si Kenderosh is preparing to build a fine barn on the farm of Will Dougherty. R. T. Dibble is also going to have a house built.

It is also reported that Hugh Hagy, who has been living with Levi Stehman, died recently at his father's, near Rainier, after only two or three days illness. R. J. Moore has sold his beef cattle to George Moore. John Shaver is still holding his beef cattle for a better market. Many of the farmers here are preparing to take their cattle to the mountains for the summer, which is the earliest for years past.

It is said that we are to have another blacksmith shop, with a machine shop in connection, to be conducted by Messrs. King and Gill.

The roads here are dry and dusty, which is something unusual at this season of the year.

Jim Dickey has at last found his long lost whip. But he declined to pay the party having it \$50 for returning it, and would have been better satisfied had they also returned his lap robe which disappeared at the same time. It's outrageous, the vast amount of brass that some people possess. There has been several reports in this community this winter of the loss of bacon, wheat, oats, dried and canned fruits. It is to be hoped that the midnight prowlers, who ever they may be, will be caught and summarily dealt with.

People here are greatly elated over the prospect of the contemplated motor line from Oregon City to Willott. It is hoped it will be a success and that the road be built.

Mr. Homer Lilly of Corvallis, brother of Mrs. O. W. Robbins, is visiting here. March 12th. X. Y. Z.

Dr. L. L. Picken, the dentist, has moved to rooms in the Barclay building cheap (casin bridge corner).
