SERVING TIME. is a duty which none can escape. Time waits for no man, but all must wait on time. We serve time by watching it for the public of Oregon City. Our clocks and watches keep the minutes of how time goes. What's more, there are sixty seconds to our minutes, which always stand approved as correct by the sun. There are no better time keepers on earth than our clocks and watches; in fact, they keep better time than Theodore Thomas' orchestra. They run by hand and can be depended upon not to quit in the race.
