LESS THAN EXPECTED

No Improvement in Customs and Revenue Receipts.

DISBURSEMENTS ARE THE SAME

The Present Deficit, However, Is Expected to Be Reduced by Cutting Off Expenditures.

Washington, June 18.—The treasury receipts from customs and internal revenue so far during June show an improvement over last month, while the disbursements are practically the same. The receipts from sugar importations are surprisingly low, and expected large increases from whiskey withdrawals have not materialized. For the first half of the present month the receipts from customs amount to \$6,224,721, and from internal revenues \$5,197,085, making the total receipts from customs for the 11 1/2 months of the fiscal year \$146,843,697, and from internal revenue sources \$136,954,163. During the last five months receipts from customs and internal revenue, June being estimated, were as follows, the first figures indicating the customs:

January, \$17,316,916, \$9,039,944; February, \$13,334,691, \$8,860,400; March, \$14,929,729, \$9,850,977; April, \$12,453,086, \$10,648,880; May, \$12,474,558, \$10,754,053; June, \$13,000,000, \$11,000,000; totals, \$153,618,802, \$112,757,077.

The present deficit of \$48,000,950, however, is likely to be reduced by cutting off expenditures about \$5,000,000 for the full fiscal year. Notwithstanding this showing for the year's operations, there is no expectation from any source of an extra session of congress or another bond issue before the regular meeting in December. Today the gold reserve is about \$99,500,000, with an available cash balance of nearly \$184,000,000, which is regarded as ample to meet all ordinary demands.

The spirit of confidence and security which pervades the treasury department at this time is largely due to the provision in the last bond contract obligating the syndicate to protect the gold in the treasury from withdrawals for export. The ability of the syndicate to carry out this provision has been amply demonstrated during the last several months, when the rate of exchange has at times ruled above the export per cent. This obligation cannot be discharged until December next. At the present time the syndicate owes the government about \$7,500,000 on its contract, and while the entire issue of bonds has been taken in London, deliveries will be made only as fast as gold is deposited.

TO FREE IRELAND.

Military Organizations Uniting to Be Ready for All Emergencies.

New York, June 18.—A special convention of the Irish-American Military Union was held here today. About 600 delegates were present from various sections of the country. The meeting was called for the purpose of adopting measures for the affiliation of all Irish-American military organizations with the union, in view of the probable exigencies in connection with the question of Ireland's independence, and also to consider the advisability of having an encampment next year for the assembly of the Irish-American troops from the various states. The convention was called to order by Commander-in-Chief Kelly, after which the credentials of delegates were examined. Many national staff officers were present.

The following were appointed a committee on resolutions: Colonel Henry Boylan, Major C. O'Connor, McLaughlin, Major George McQuinn, Colonel James B. Murphy and Captain T. P. O'Rourke. The resolutions adopted read:

"Whereas, The time has arrived when Irishmen must unite and prepare for a grand armed-struggle for the independence of their country.

"Resolved, That we, the delegates of the Irish-American Military Union, in convention assembled, hereby invite all Irish-American military organizations in the United States to affiliate with this union to the end that, having a purpose in view, we may be in a position to take concerted action at all times, and to constitute a brotherhood of affection as well, in its strength, be capable of effective work toward securing Ireland's independence; that we, furthermore, invite such organizations to appear with us in camp in Bridgeport, Conn., in the summer of 1896, when there will be opportunity for military evolutions on a grand scale."

It was also agreed that French, Polish and Hungarian military bodies in sympathy with the Irish movements be invited to come into the union. Then the following resolution was adopted with loud applause:

"Resolved, That we, delegates of the Irish-American Military Union, do hereby tender the gallant patriots of Cuba our heartfelt wishes for triumph of their cause; that in our opinion they deserve the sympathy and support of all liberty-loving people; that we call upon congress to take action, immediately upon its convening, to extend to the Cubans recognition as belligerents."

The convention, which was held behind closed doors, then adjourned, after five hours' deliberation.

An Expensive Work Begun.

New York, June 17.—Work has at last begun on the North river bridge. Men are now sounding for a foundation at Garden and Twelfth streets, Hoboken. They will dig until they reach solid rock. It is proposed to extend the anchorage westward from Garden street, cutting through the heights. The anchorage of the cable will be at Bloomfield and Twelfth streets. Retaining walls will cost between \$6,000,000 and \$8,000,000.

Head-hunting on Solomon Islands.

Sydney, N.S. June 18.—The natives of the Solomon islands have no right under a law to impose anything savoring of a tax on outside grain. The opinion was the result of an attempt made by Commissioner Conlon to tax Oregon flour and wheat which came into this port.

EDMISTON'S CASE.

Motion for a New Trial Will Be Argued Next Friday.

North Yakima, Wash., June 17.—Barker Edmiston this morning received notification from his Walla Walla surety, B. H. Gross, that the latter had withdrawn from the bonds and surrendered the former to the care of the sheriff. Edmiston immediately filed a new one in the sum of \$2,000, with Frank Sinclair and Tom Harvey, business men of this city, as bondsmen. Attorney Sully this afternoon was secured by prejudiced Walla Walla people. The motion for a new trial in the Edmiston case will be heard Friday next in the superior court, Sully having notified Prosecutor Ormsbee, of Walla Walla county, of his intention to argue the motion on the following grounds:

Misconduct of the jury; misconduct of the prosecuting attorney and special counsel in arguing the case to the jury; because the verdict of the jury did not conform to the instructions given by the court, and that six of the persons named in the indictment were not actually indicted, when otherwise they would not have done so, from which modification was "We recommend the defendant to the mercy of the court;" error of law occurring at the trial, and excepted to by the defendant; that the verdict is contrary to the law and the evidence adduced at the trial; irregularities occurring in the trial of the case by which the defendant was prevented from having a fair trial.

TOO MUCH SYMPATHY.

Guarding Against Filibustering Expeditions to Cuba.

Washington, June 17.—Attorney-General Harmon has received the following letter from a secretary of state in relation to filibustering expeditions to aid Cuba:

"It is a matter of current rumor and newspaper report that at various points in the United States attempts are being made by enlistment of men, outfitting and arming of vessels, and other illegal measures, to aid in filibustering now in progress in the island of Cuba. While this department has not been furnished with tangible evidence confirming such rumors and reports, it deems it of great importance that no possible opportunity shall be given for complaint that the government of the United States has in any respect faltered in its full duty to a friendly nation. It is respectfully suggested, therefore, that the United States attorneys and marshals for the several districts embracing the coast line between New York and Brownsville be directed to take steps to prevent such attempts, and to take all steps necessary and proper to prevent any violations of the neutrality laws, acting promptly and vigorously."

Complying with Mr. Olney's suggestion, Attorney-General Harmon has directed all United States attorneys and marshals of the Atlantic coast line districts to act in conjunction, and to take all steps necessary and proper to prevent any violations of the neutrality laws, acting promptly and vigorously.

WEEKLY SALMON REPORT.

Fishing on Lower Columbia Continued Good Last Week.

Astoria, Or., June 17.—The Astorian's weekly salmon report says in part: "Fishing on the Lower Columbia has continued good during the past week. Up to Wednesday returns at all the canneries were good, fish averaging fifteen to the boat with an average weight of twenty-nine pounds. Since then, however, they have continued to fall off, and the day's returns were the duller for several weeks. Traps are not running at all well.
