SMALL BULLET WOUNDS.

The Deadly Effects of Modern Projectiles Upon the Human Body. The celebrated English surgeon, Professor Victor Horsley, read a very interesting paper before the Royal Institution on the effect of modern small projectiles. In the course of his remarks he said: "Some people seem to think that a small bullet at a very high speed will pierce the tissues of the body without doing much general damage. This, however, is erroneous. The bullet hurries forward with its particles of the substance through which it is passing, and thus practically becomes a larger projectile. If a bullet be fired through a book, it cuts out disks of increasing diameter as it traverses the pages. Hence, too, it is plain that the greater the sectional area the greater the damage. As to the heating of the bullet, it has certainly been much exaggerated, and its effects, if indeed it has any, may be safely neglected.

The physical constitution of a body has a most important bearing upon the behavior of a bullet entering it. Why does a bullet of certain size and traveling at a certain rate simply perforate some substances, such as wood or iron, while in others, such as clay, brain, etc., it exercises a bursting and disruptive action? The answer is quite simple; the destructive effects vary directly as the viscosity of the body. "This was established by some remarkable researches on the effects of bullets on soft tissues made by Huguier after he had observed the results of the wounds inflicted in the fighting in Paris in 1848. He suggested, from observations made on certain dead organs, such as lungs, that the reason of the great lateral disturbance was that the tissues contained water in large quantity, and that the energy of the moving projectile being imparted to the particles of water caused the dispersion of these in a hydro-dynamic fashion.

"This suggestion was shown to be correct by Kocher in 1874-6. If a shot be fired through two tin canisters of equal size, the one full of dry lint and the other of wet, it will simply perforate the former, but cause the latter to burst explosively. In the same way shots fired into dough have more or less disruptive effect, according to the percentage of water in the dough, and in general the more fluid the substance the greater the destruction.

"Now, in life the brain is a more or less fluid body, though in a state of rigor mortis it is practically a solid, owing to coagulation of the blood and protoplasm. Hence a shot fired into the skull must have a disruptive effect and tend to burst it.

The Rough Bark of Trees. The practical cultivator understands that nature makes provision for getting rid of the bark of trees as the trunk increases in size. On the growth of the past season may be seen small olive spots. These are formations of cork. From year to year, in subsequent development, these little patches spread, really eating their way through the bark. This is the provision which nature makes for finally ridding the bark in each species of plant. These cork cells have their own special lines of development, and this is the reason why each kind of tree has its own particular bark. The characteristics are so prominent that clever observers can select different kinds of trees by their bark even at midnight. As it is the evident intention of nature to get rid of old bark, it is a great help to the tree to assist nature in this respect, and any washes or treatment which aids the plant in getting rid of it is a practical advantage. Soap water washes or lye water is useful, and even scraping has been found of great advantage. In a rough sort of way, lime wash is frequently used, the only objection being the white and glaring color. It is, however, the cheapest and the best of all bark treatment.—Meehan's Monthly.

All in One Breath. The Rev. Andrew Jackson Potter, the gentleman who arose from behind a pulpit in Uvalde, Tex., several years ago, with two big six shooters in his hands, and informed the audience, mostly composed of the toughest of toughs, who had been in the habit of running every minister of the gospel who came there out of town with rotten eggs, or escorting him out to the suburbs on a floe cornered pole, that if there was any floe eared, swallow mouthed galoot in that audience who had the audacity to presume that he wore a big enough shirt to put him out of a pulpit to step forth and take the hot medicine, or, on the other hand, to keep his bazook closed, and also wound up that with the help of God and these two forty-fives he held in his hands he proposed to preach to that people that day, has announced himself a candidate for sheriff and tax collector of Tom Green county.—Ozona Courier.

The populist Broad-Axe says: Joining the people's party does not sanctify a man and give him a passport to heaven. The wolf dresses up in sheep's clothing when he wants to catch a lamb, and the devil puts on the livery of heaven when he wants to get into the church.

KIDNEY. E. W. JOY COMPANY—Gentlemen: I have suffered from kidney trouble for two or three years. I would have to get up in the night to void my urine from ten to fifteen times. My sleep was disturbed, and I became very thin and nervous. No appetite, bowels constipated. I have taken two bottles and gained fifteen pounds. Sleep well. Have to get up about three times during night, and am very much better in every respect. Will continue to take your Vegetable Sarsaparilla for I believe it will entirely cure me. (Signed) MR. EDWARD W. FRENCH, Stockton, Cal.

JOY'S FOR THE JADED. JOY'S VEGETABLE SARSAPARILLA. A New Yorker who married a "living picture" last June has sued for a divorce. Well, it is not always an easy matter to distinguish a work of art from a chromo after sunset.

NERVOUS PROSTRATION. E. W. JOY COMPANY—Gentlemen: I have suffered from a nervous prostration from financial losses. Can say Joy's Vegetable Sarsaparilla has cured me. My liver, stomach and bowels have been very inactive, but since using your remedy I am entirely well. All business men and women should use it. Please publish. (Signed) MR. WM. HENRY JONES, Butte, Montana.

Backache, dizziness, tiredness give way to Joy's Vegetable Sarsaparilla. NERVOUS SHOCK. E. W. JOY COMPANY—Gentlemen: This is the first time I have attempted to write for three years. Have been so nervous and weak that I have laid in bed for most of the time. A friend who had taken your Sarsaparilla sent me two bottles. The second one is most gone, and I have gained twenty pounds, and surely feel a new woman. I was pale—thin. No ambition. Had given up, as I had tried so many remedies and doctors but found no benefit. If you care to publish this you have my consent. (Signed) MRS. A. C. TILLMAN, Alameda, Cal.

Mrs. S. A. Kell, of Bonoma, Cal., had the bad luck to sprain her ankle. "I tried several liniments," she says, "but was not cured until I used Chamberlain's Pain Balm. That remedy cured me and I take pleasure in recommending it and testifying to its efficacy." This medicine is also of great value for rheumatism, lame back, pains in the chest, pleurisy and all deep-seated and muscular pains. For sale by G. A. Harding, Druggist.

Last August while working in the harvest field I became overheated, was suddenly attacked with cramps and was nearly dead. Mr. Cummings, the druggist, gave me a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy which completely relieved me. I now keep a bottle of the remedy handy. A. M. BUNSELL, Centerville, Wash. For sale by G. A. Harding, Druggist.

Mrs. E. E. Davis, of San Miguel, Cal. says: "I am trying in a measure to repay the manufacturers of Chamberlain's Cough Remedy for the great good their remedy has done me. For years I was a constant sufferer from weak lungs and bronchial asthma. My rest at night was disturbed by a hacking cough, so that I felt miserable the greater part of the time. Many remedies recommended by friends were tried, none of which proved suitable to my case. I did not experience any beneficial results until I began taking Chamberlain's Cough Remedy. After two bottles of the large size have been used I am pleased to state, my health is better than it has been for years. The soreness has left my lungs and chest and I can breathe easily. It has done me so much good that I want all who are suffering from lung troubles, as I was, to give it a trial." For sale by G. A. Harding, Druggist.

Memory is a little treacherous now and then, and causes one to forget some things worth remembering unless one has an experience like that which came to Mr. D. E. East, Moffatt's Creek, Va., who says "I had been suffering for years with a torpid liver and found no relief until I took Simmons' Liver Regulator when I was entirely relieved of my troubles. I never intend being without Simmons' Liver Regulator.
