OREGON CITY, OREGON, FRIDAY, OCTOBER 4, 1896.

VOL. XIII.

Two of a Kind...
Make a strong pair. It's as plain as day, though, that there are no pairs to our rockers. We have the chairs and the public of Oregon City find it best to come to us for seats. There's a chair for everybody in our furniture house and a superb all around display of up to date furniture, too, at prices that up to date are without a parallel in Oregon. The people enjoy sitting on us, and we don't mind it a particle. We meet the procession with chairs and are prepared to rock this town to its foundations.

The "I. W. Harper" Sour Mash whiskey is, we think, (and if you try it you will agree with us) the finest flavoured whiskey made in Kentucky. It is not sold until fully matured, and until the fusil oil has been eliminated. Indeed, we challenge any chemist to find a drop of fusil oil in a barrel of it when we put it on the market.
It is especially commended for medicinal purpose, on account of its purity, while as a beverage we unhesitatingly assert that it is superior to the finest French Cognac. Sold only by Hill & Cole Oregon City Oregon.
