OCEGON CITY, OCT. 25 1895

As there was (and still is) considerable

To the Honorable County Court of Cinckamas County, Oregon:—We, the undersigned newspapers of Clackamas county, respectfully ask that you invise he received \$200 from the former probids for county printing of all kinds prietor of the Counter for "keeping his (including job work and blanks), be- mouth shut" in regard to a "combitieving that by so doing you can save several aundred dollars for the axpayers of this county. Signed:

A. W. CHENEY, COURIER.

This matter was acted upon at the July session and petition deniad as the court claimed it had no jurisdiction in regard to the publishing of the delinquent tax list. The petition saynothing about the tix list and was merely an excuse to deny the same. The same four newspapers presented a petition to the sheriff at the same time, which petition prayed for the letting of the printing of the tax list to the lowest bidder as Sheriff Ganong did in 1893 This was also denied.

The court did nothing further in this matter and the Courier to bring this to a focus presented the following proposition at September term:

To the Honorable County Court of Clackamas County, Oregon:—GENTLE MEN:—I would respectfully ask that you award me the contract for furnishing all the record books and blanks used by the county officers for a term of two years; I agreeing to do all such work at 16 per cent. less than you are or have een paying for same; said work to be seen paying for same; said work to be equal in all respects to that in the offices of said officials. Believing that you should also consider that work done at home is better for all concerned and that it gives more employment to residents. The reason I sak for a two years' contract is that I will necessarily have to spend some capital to fit up for said work. Signed: A. W. CHENEY.

The Counter also made a counter proposition to do all the blanks and cent. from prices being paid. Both of these propositions were rejected and bids asked from outsiders. This paper knowing full well how the court was "bilked" in this matter once pefore did not propose to put in a "cut throat bid" and "get even" on something else that would be ordered and not exactly specified, put in straight bid for the articles mentioned, and as the writer told a county official before the court met, all bids were thrown out.

The Enterprise, for some reason unknown, p obably animosity, in last week's issue jumps into this paper in the following paragraphs:

"It is a question as to whether the county court can make a saving in let-ting out to the lowest bidder the station ery and book supplies for the court house. None of the members of the court are expert judges of paper or books, and, owing to the nature of the work to be done, it is next to impossible to exactly specify what is wanted in a contract. The dishonest bidder cau have loop holes enough to save himself the work at known price. This game was played on the county during the past year by a Portland house that had a contract with the county court, the county paying at least double price for This whole agitation about the county printing was started by the publisher of the Courier, the alledged democratic paper of this place, who expects to make a divy out of it, he thinking that only Clackamas county bids would be accepted, and as he could not handle the work himself, owing to the limited facilities of his office, he expects to work up a pool on the job. As he Enterprise is not run as an antinonopoly and anti-trust paper it de-tined doing the work and giving a rake-off for the privilege. It would be more in keeping with the republican principle protection to home industry, as well as a saving to the taxpayers, to have the county printing done by honest, reliable houses who are known to do good work at reasonable prices, than to trust to contract with some disreputable firm who will swindle on every job they can.

The publisher of the Courier, after boasting how cheap he could do the county printing, if given to him, was the highest in the late contest. Probably his was a straw bid to help some Port-

#### LEGALIZED ROBBERY.

The Boston conservative papers intimate that there seems to be a conspiracy to compel farmers to sell their wheat at almost ruinous prices, and then to make millions of dollars by compelling consumers to buy is at an enormous advance.

Out of such legalized robbery in articles of food and other necassaries of other printing at a discount of 25 per life have been built up immense fortunes in this country.

Geo. T. Angell of humane society fame says the following is a remedy: crime punishable by not less than a year's imprisonment at hard labor, which hard labor shall be to work eight or ten hours each day carrying bricks from one end of the prison yard to another and then carrying them back again."

THE two states of Washington and Oregon have more standing timber than all the rest of the United States put together; they have more than ten times as much as Michigan, Wisconsin and Minnesota (the white pine states) combined; more than 400 times as much as the great lumber state of Maine and more than 600 times as much as New York. The nine largest lumber states of the South have only one-third as much as these two forest Kings of the Northwest. The woods of Washington and Oregon would make a girdle round the earth three miles wide. If all the other forests of the Union were to go up in smoke these two states could meet the present demand, until those forests were regrown. At the present rate of consumption, and not allowing for new growth, the forests of the United States will be exhausted in 120 years. The woods of Michigan; Wisconsin and Minnesota will be exhausted within ten years. Then Washington and Oregon will be the chief source of supply for the whole Union .- P. S. Lumberman.

THE populists are great reformers-at the expense of the other fellow. They are always noisy in behalf of economy and retrenchment when it does not affect their own pockets. Whoever heard of any of them failing to take every cent that is due them-just like the wicked democrats and republicans? Nobody would think so, to hear them talk, however. The charge of the assessor for making the last assessment of the county is a fair illustration of their alleged patriotism. Although Mr. Jackson and his predecessor had the same number of men in the field, his bill for services was \$2,927.25 as against \$2,167.50 charged by Mr. Wooldridge-a difference of \$759.25 in favor of the "ring."-Jackson-

The Enterprise received \$552 for printis not run as an anti-monopoly or anti- ing the delinquent tax list for the county, just twice what the city pays the Courier for the same kind of work, and trust sheet and it never came nearer. The city printing was let to the lowest lidder, but the county's was not.

> A prominent republican thinks that more money could be saved the county by letting the county offices to the lowest bidder instead of the printing, and that Portland people would get the jobs.
