#### THE CITY CAMPAIGN.

The A. P. A.s and populists selected the ticket nominated at Shively's theater last week and slipped it down the throats of the good church reformers so deftly that the church people imagined they were dicta tors. They even got the church to spike the guns of a part of the local press, not very formidable guns, 'tis true, but enough to illustrate the slick methods employed in the management. Under ordinary circumstances these schievements would be enough to satisfy the souls of astute political managers, but these ambitious fellows were not content to run one wing of the campaign; nothing but complete control of the whole political field would afford them solace. So they arrayed their forces in Monday night's convention in Pope's hall and tried to named the ticket they wanted to defeat. It remains to be seen how fully the shrewd programme will be carried out

But we opine the ticket nominated at Shively's theater is not so invincible as its sponsors imagine, nor the one nominated at Pope's hall so weak. The Shively's theater ticket meets widespread and lively opposition by reason of the secrecy marking its early stages. The public meeting was merely the ratification of the work of a secret committe eand was in no wise a tree and fair choice. The Pope's hall ticket had no flavor of secret prearrangement, and in that respect it has a great advantage over the other. As the matter stands politically it is citizens against populists will have to show more strength than they have hitherto been able to develop

next Monday

in this city if they elect their man. It is not a question of law and order against lawlessness, it is not a question of saloon sgainst church; it is a question of the endorsement of secret plotting against the people that is uppermost in the campaign, and it is coupled with the question of good government for all you will get nothing if your property is the people of the city. And if the citizens' ticket does not have a better reputation for capacity and practice in the matter of government than does populism the sun doesn't shine on the earth .

The polities of the candidates stand about like this: On non-partizan, secret or Shively's hall ticket-

J. W. Powell for mayor...........Populist E. E. Martin for treasurer.......Populist J. M. Heckart for councilman 1st ward Populist ohn Bittner for councilman

### SILVER PRODUCTION

The director of the mint has made an estimate of the production of silver for the current year. It is based upon reports already received, and estimates for the rest of the year made from the rate of production already indicated. The amount of silver produced in the United States is put at 55,000,000 ounces, or some four millions less than last year. The falling off of production is ascribed to the clossng of mines which proved unremunerative last year at the reduced price of silver which then prevailed. It is true that the price was lower last year than this, but this could not be foreseen, and the result of working comparatively unproductive mines last year was such as to prevent a continuance of the work this year. The following table shows the comparative production and price of silver in this country for the last six years and the year 1895, as estimated.

MR. D. W. Kelsey, of Oswego, was in the city on Monday. He is one of the largest property-holders in the neighborhood named, and a citizen whom the democrats can nominate for office. We know the officers to be elected by the next precinct election in Oswego. They will be D. W. Kelsey, chairman; Eimer Russell, secretary; and Mr. Wilson, doorkeeper. Mr. Beckner, Mr. Cans and Mr. O'Brien will stand in as voters. There is likely to be some Irish disturbance in the northern end of Clackamas county this next election,-Portland Argus.
