### A GOOD APPOINTMENT.

By the appointment of Hon. William Galloway of Yambill county to the office of receiver of the United States land office of Oregon City, the administration has conferred an honor on itself, for he is not alone a courageous, uncompromising.aggressive democrat, proud of the faith that is in him, but a model citizen and a man of honor, above the artifices fawning time-server and the professional politician. In his legislative eareer, he proved himself to be invulnerable to the allurements of the republican corruptionists who have robbed the taxpayers, being always active and foremost in behalf of honesty and fragality. Though Yambill county has a republican majority, its citizens

### Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed in the Spring, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is telt. A prompt use of this medicine has often averted long and perhaps fatal bilions fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Head ache, Indigestion, Constipation, Dizziness yield to Electric Bitters. Only 50c and \$1 per bottle at Charman & Co's Drug Store

# RUMMONS

To John Gruber, the above named defendant, or to the usknown heirs of John Gruber.

As a matter of course, the republican majority and the republican sack being overwhelming, the democratic standard bearer was defeated, but true to the chivalric blood of old Virginia that courses through his veins, i.e was not conquered.

William Galloway was born in Dodgeville, Wisconsin, June 10, 1845. He crossed the plains with his parents when he was but seven years of age. They located in Yamhill county. He was elected a member of the Oregon state legislature in 1874, again in 1878, and was re-elected in 1880. During the session of 1878 he was chairman of the ways and means committee of the honse.

No More Sprinkling. No Mere Scrubbing. When You Bave\_

ON THE FLOOR... It's Odorless. It's Cheaper Than Paint,

It is a vanish-like substance, yet never hardens, and when applied to floors of any kind, enables you to sweep without raising the dust, hence you are not compelled to wait till after office hours to renovate your premises.

James B. Day and Sarah E. Day, Plaintiffs, vs. It is an odorous compound which penetrated the wood and for months keeps up a constant exudation, sufficient to catch and hold the dust yet not enough to be noticeable. Extravagant as this may seem, it can be easily verified.

its use you prevent the percolation of dust particles throughout shelves, cases and goods, which is so annoying to every merchant, summer or winter. It will doubtless, also, ward off certain diseases by preventing the bacteria from rising and being inhaled

When you use DUSTINE you do not need to scrub your floors. This saving of soaps and ive counterbalances the cost of DUSTINE. No sprinkling is required before sweeping.

It means death to flees and all such vermin, hence is every house keeper's triend.

It is not composed of benzoine or any other explosive or inflammable substance, hence will not affect your insurance.

# PORTLAND TESTIMONIALS:

We take pleasure in saying that we had spread on our first and second floors the preparation manufactured by Mr. Wm Bagley for the purpose of keeping the dust d.wn Mr. Bagley claimed that the preparation would keep the dust off our goods and we would have no further occasion to sprinkle our floors. We are pleased to say the claim is made good. We have now had it on our floors three months and have not been annoved with the least dust in our establishment. Our floors need no sprinkling. No dust on our boxes of goods. We hardly need any duster now and we consider the preparation valuable to every mercantile business. We have it on our lincoleum and it acts the same as on our floors. We certainly commend the preparation to every storekeeper.

PRAGER BROS. CO.,

We have been using "Dustine" on the floors of our crockery store since March, 1804, and the results are so satisfactory that we continue using it and will do so in the future. All you claim for it has been performed. Two decided advantages result, namely, that no dust rises when the floors are swept, and that scrubbing is unnecessary to keep the floor clean. We cordially recommend ite use on any floor where dust is liable to settle.

OLDS & SUMMERS.

We have your "Dustine" on our floor now for some time and can truly say that we become more pleased with it every day. We have no need of covers for our goods and have not used them since the "Justine" was appl ed. To anyone wishing to keep their stock free from dust and also to avoid the generally hard labor of sweeping, we cheerfully recommend "Dustine" CHICAGO CLOTHING CO. We have had your "Dustine" on our floor about eight months and it is everything you claim for it. We have not used any water on the floor during that time, and it prevents the dust from rising or sticking to the floor. We would not be without it for any reasonable consideration.
