LOCAL EVENTS.

THE STEAMER ALBANY .- The O. C. & E. R. Co.'s new steamer, which is the N. S. Bentley rebuilt, made her maiden trip during the week. The Albany is the second boat of the name that has navigated the Willamette. The first Albany was built at Canemah in 1868 by the People's Transportation Company, and her dimensions were somewhat less than the Albany now at Corvallis. She operated on the Willamette until January, 1875, when she sank at the mouth of the Long Tom. She was in command of Captain Vickers, who met his death a month later from the effects of exposure. At the time she was wrecked a portion of the old boat drifted down to Buens Vista, where it remained on an island for several years. In the spring of 1871 the Albany made 18 consecutive trips between Oregon City and Eugene, clearing from \$800 to \$1600 per trip.

A Success.-The concert given on Tue day evening by Miss Neita Barlow's St. Cedlia chorus was the musical event of the season. The chorus, which coneisted of 14 singers, rendered some of the choicest selections. The singing of Miss Agnes Watt and Miss Lois Steers and Miss Alex Thomas of Portland was fine. Miss Morey made a most favorable impression at this, her first appearance before an Oregon City audience, and likewise Mrs. Cassius U. Barlaw. The instrumental solos of Beatrice Barlow showed remarkable talent. The string quartettes composed of Misses Campbell and Caufield and Messrs. Stevens and Campbell were favorites. Each number was encored and all seemed highly pleased with the entertainment.

RELIGIOUS DISCUSION.-We learn that arrangements have been made between Bishop Dillon of the United Brethren church and Elder Healy of the Seventh Day Adventists denomination to hold a public discussion in Oregon City for several days begining March 10th, on the Sabbath question, as to which day should be observed according to the Bible, Saturday or Sunday. They will also discuss the nature of man and the condition of the soul and spirit after death. Both these men are disputants of more than local reputation and will doubtless ably represent the views of their respective denominations.

WEATHER AT MT HOOD.-The report of the weather bureau's observation station at Government Camp, on the summit of the Cascades and at the foot of Mt. Hood, for the month of January and 12 miles, \$5.00 shows that some severe weather has been experienced up there. The snowfall for the month was 66 inches. The lowest temperature was 10 degrees above. There were only four clear days during the month. It is difficult to realize that such wintry conditions prevall just 61 miles from the Oregon City courthouse.

LECTURE ON MEXICO.-Hon. D. P. Thompson of Portland, who has recently returned from an extended tour through Mexico, will deliver an interesting address on our Sister Republic, Thursday evening, February 20th, at Willamette hall, for the benefit of Mead Women Relief Corp . A full attendance is anticipated as the corps has performed worthy charity work curing the year and should receive the support of the Claims of jurors. community. Doors open at 8 p. m. Claims of grand jury witnesses, Admission 10 and 15 cents.

BOARD OF TRADE. - The regular monthly meeting of the board of trade was held on Monday evening. The president appointed the standing committees as last year. Some 15 members were dropped for non-payment of dues. The dues of two members who had given considerable time and money to the board of trade were remitted.
